A day after the British National Party secured two seats in the 2009 European Election, including one in Yorkshire & the Humber, the York Unite Against Fascism (UAF) pressure group organised a protest in Exhibition Square in the city centre.

The crowd consisted of locals, students and political activists who used make-shift signs and chants to gather support and raise awareness for their cause.

Ben Drake, the chair of the UAF, circulated a petition encouraging local councillors and politicians to prevent the BNP from using any council resources to hold meetings or rallies within the city walls of York.

Drake promised to protest outside any meeting the BNP organises. The UAF was the same organisation that demonstrated outside the press conference of newly elected MEPs Nick Griffin’s and Andrew Brons’ press conference in Westminster. The rally resulted in eggs, bottles, bricks and placards being thrown at Griffin and his security team.

The UAF intends to liaise with campus-based anti-fascist groups such as the ‘Hope Not Hate’ campaign in the future to raise awareness about the dangers of the BNP and other far right parties.

Call that a rally? 20 people?
More of a loitering, really.
The UAF are anti-democracy
Unite Against Free-Speech?
No thanks.

Lloyd Sparkes

Whats wrong with UKIP? They are not racist or sexist, they just want more independance from Europe.

BNP supporter

The BNP were elected by the people of Britain. It is called democracy. I see the usual brainwashed children are shouting the same old rubbish lmao. What a joke!

I don’t see how brainwashing comes into this? Protesting in this manner is democracy as well...you point is what exactly?
The BNP were elected to the EU parliament by a tiny majority of British people. Their support has fallen since 2004. Britain will never elect a BNP government, and their council and European support will wane – they create policies by feeding on peoples’ fear, and that is far from sustainable.

Chris Northwood

Ah, the old free speech argument. Reminds me of this

anon

Lloyd Sparkes.... I presume you haven’t seen any of UKIP’s flyers? They highlight many racist policies they have.

Sami Rose Sterjon

People should stop talking about the people who, as bad as they ar, were elected democratically and look at how they can stop the BNP from gaining further power.
“UKIP aren’t much better” suddenly makes this protest lose all credibility. There’s a difference between being against the BNP as an inconcealable racist party, and being against parties because, frankly, you don’t agree with their opinion. To shout racist at anyone who dare have immigration policies is cowardly and destructive. Immigration causes problems, people need to stop being in denial and start debating it, so we can win over BNP supporters instead of wasting time trying to dismantle democracy.

CG

Absolutely hilarious - a small bunch of Tarquins and Tamaras (horny-handed sons & daughters of toil, every one!) making idiots of themselves on the streets of York.

Well, the BNP better just pack up and give in now, if this is what they are going to be confronted with! SCARY.

Lloyd Sparkes

anon i havnt seen their flyers, but i have read the policies on their website, and i dont see anything racist about them.

anti-europe isnt racist
anti-immigration isnt racist
send ILLEGAL immigrants home isnt racist (sending legal immigrants would be)

now i dont agree with 90% of their policies they are generally stupid, and not well laid out, but they are not racist!

Em Brownbill

Where’s the line though?

Under UKIPs proposed policy, there would be a freeze on further legal immigration for 5 years.

Will they also be inviting back the excess of UK emigrants?

marco

It’s clear that who is anti-BNP, it is against the people. BNP is the choice. No fascist like UAF but BNP = good sense. Congratulations to british people to have a party like BNP. Support BNP from Italy.

Lloyd Sparkes

I have no idea if they will be inviting back emigrants.
Personally I think a total freeze on immigration is stupid, but it isn't racist. If they were only allowing {insert race of choice}-immigration then that would be racist.

Lloyd Sparkes

Em Brownbill, what do you mean by, “Where is the line though?”

I think it's pretty clear cut what is racism, blocking immigration into the country isn't. Blocking a certain race would be

Alex (voted Green)

I laughed when people said that the BNP's seats marked the beginning of Britain's Nazification, but apparently the public rallies have already started...

A. Democrat

It's only come to my attention recently what an awful organisation UAF are. Unite against fascism by restricting freedom of speech, movement, and association? Talk about fighting fire with fire...

The person who berated UKIP needs to read some manifestos and some leaflets. There's nothing racist about their policies - to control immigration, or even close the borders completely isn't racist as it wouldn't distinguish between a black or white person - a migrant's a migrant. It's a pretty short sighted policy to freeze immigration for 5 years without accurate economic predictions for that period yet. And it's such a big claim; it'd be hard to U-turn on without looking like they'd got their figures wrong, so I think UKIP shot themselves in the foot with that immigration policy. But it's not racist. E Brownbill, you draw the line where people are discriminated based upon ethnicity. That's how I understand racism at least.

Marco, keep watching the UK news to see how the BNP get on in Europe. They've been elected supporting council houses and British jobs and punishing bankers, fat cats and politicians. That's a lot to get done in the European Parliament! All eyes are on the BNP and already Andrew Brons in TV interviews seems to be very very uncomfortable with the 'no blacks' membership policy while Griffin is an architect of it. Brons says he would let any person of any colour stay here if they're already here - not what other senior BNP figures are thinking. Brons says he hates nobody - not what BNP leaders like Mark Collett are saying when he calls AIDS a 'friendly disease' because gays and blacks have it.

There could well be a huge rift within the BNP as the extreme wing gets annoyed at the 'moderate' (there must be a better word, suggestions?!) stance Brons has taken with the media recently. Yet his closet is bursting full of skeletons, and he will realise that people will always suspect him of being a Nazi from his former association with Hitler-supporting groups.

The BNP could well be in trouble of their own doing if we let them get on with trying to be a legitimate mainstream organisation. Stupid protests like this and the egg-throwing one galvanise them, and create solidarity amongst them and their supporters.

As said in a previous (similar) article, the way to fight the BNP is through the system they work in. Write them a letter demanding why they promised council houses but can't deliver. Write to them about European matters. Invite them to campus debates and question their other manifesto statements (guns for all to solve the gun crime problem!), phone in to radio shows they appear on and give them a political grilling about issues that affect you.
As also said in another article, HOPE not hate needs to actually give us some hope. Currently it’s just a fluffy word that doesn’t have any meaning. Give us something to fight FOR, not just against.

David Radford

MOST white people want to live in an all white country (as we have done for over 10,000 years). I can prove it unequivocally, without even asking any of them their opinions, by using scientific facts, otherwise known as ‘Revealed Preference’.

In the 1950s, when the first black families came over here to live, they moved into certain areas. Those areas rapidly became ‘ghettos’ and experienced an increase in non-whites, and a decrease in whites. As soon as a house went up for sale in one of those areas, in the 1960s and 1970s, there would have been at least twenty times as many potential WHITE buyers as non-white. Yet somehow, those areas became more and more non-white. The ONLY scientific explanation for this is if the vast majority of potential white buyers did not want to live around non-whites. This is a hypothesis which is proved correct by the actions of literally MILLIONS of white house buyers, over the past fifty years. It cannot be refuted, or argued against. It is the ONLY explanation.

So the next time a leftie tries to tell you that ‘most’ white people just love ‘diversity’ and ‘multiculturalism’, ask them about them house buying choices...

Come on Lefties, try and refute what I’ve just written – MOST white people disagree with you...

David Radford

“The BNP were elected to the EU parliament by a tiny majority of British people. Their support has fallen since 2004.”

Sure it has. Explain why their party is no. 800 out of ALL U.K. websites at the moment...

And answer my post above...

This country has two simple choices: either stop all immigration, forever, and deport all the illegals and ‘asylum seekers’ (who are all economic migrants, and illegal ones at that), and encourage the rest to go back to their own countries, OR civil war.

Which do you prefer, Tarquin and Tamara?

Go and live in Bradford for a few years and see how much you love ‘diversity’ then.

I take it you’ve all read the koran...

RedUnderThe Bed

For the sake of the New World Order the BNP must be banned. It threatens the very existence of the behind-the-scenes mega-rich elite who want to control every facet of ordinary peoples lives. Don’t say you weren’t warned.
The BNP vote did not diminish since 2004 check your facts the overall vote actually increased by nearly 200,000 votes if I remember rightly. Nearly 1 million people voted BNP in 2009 in 2004 just over 800,000 voted BNP. The vote in Yorkshire where Nick Griffin was elected did fall slightly but was still enough to get the BNP elected as the labour vote fell more.

griswald monkeypants

Your the softest bunch of twats i’ve ever seen lead by some eternal student who’s never done a days graft in his life, diddums did the nasty BNP get elected? Its called democracy dickwads, and you lords only like it when it goes your way. Its a well known fact that the eager young socialist students, usually go on to get jobs in the evil capitalist world, and then forget all about theyre flirt with marxism. WE’RE THE REAL WORKERS, WE’RE THE REAL WORKING CLASS, FOR YOU LOT ITS JUST A HOBBY! now fuck off tarquin and leave us to it!

Anon

Yeah but you have Berlusconi and invented fascism.

And Lloyd, they want to ‘send home’ all non-white people regardless of whether they were born in the UK or not. It’s on their website if you want to check. It used to be, quote: “unvoluntary repatriation”, but it’s now ‘voluntary’ so it’s more publicly acceptable. They don’t think that you can be British if you are white and say that polish people can stay because they’re white. If that isn’t racist I don’t know what is.

Bill

The UAF are the equivelant to the Mussolinis Blackshirts, a gang of hired thugs trying to prevent democracy, wimpish thugs though.

Anon

Stop spouting crap. Unite Against Fascism is more like the polish resistance than mussolini’s men – they’re fighting to prevent another holocaust. Egg-throwing and banging pans isn’t the same as what blackshirts got up to. Berlusconi is closer to Mussolini than a group of protesting students, I suspect.

Lloyd, their policy is to ‘send home’ anyone who isn’t white – letting polish people stay but sending anyone black, asian or arab to their homeland as they are ‘not British’. Policy on their website and has been said on TV. Define racism for me?

Lloyd Sparkes

Anon(im not sure if theres two of you, or if its the same person, but grow some guts and use your real names)
I have read UKIP’s manifesto’s

i even searched their site for “repatriation”, its not even mentioned

Proof: http://www.google.co.uk/search?hl=en&q=site%3Aukip.org+repatriation&meta=&aq=f&oq=

I think you may be confused with the BNP there, now i dont like their policies, but its a democracy and they won those seats fair and square.

So Anon, you don’t think that there is a problem at the moment, with millions of uninvited non-whites living in every white country on Earth?

Please explain to us all why EVERY white country has to become ‘multicultural’, and while you’re at it, tell me when WE got to vote on this, and then explain why you aren’t demanding that Africa start taking in fifty million Indians every year, and vice versa? Aren’t they suffering from a lack of ‘diversity’ in India, Africa and China?

Non-white people are DESTROYING white societies – can you show me any evidence to the contrary? I can show you unending evidence that proves my point.

Let’s start with black crime, specifically murder: since you claim that blacks are just the same as whites, and there are at least twenty times as many whites as blacks in this country, I want you to show us all TWENTY white murderers for every ONE black murderer in this country – you can start with the past month, and take it from there...

MOST of the population do not want non-whites living here, period. What do WE gain from it?

I can tell you what we’ve LOST: our freedom of speech, our ability to get a job based on our ability, our basic freedoms, our quality of life, our children’s future, our countryside, our environment, everything.

We have 50,000 people working in ‘diversity’ jobs – that is BILLIONS of pounds of money wasted, which in an all white country, would be there for us, the people, not for 50,000 ‘enrichers’ who can’t find a proper job. Why are there 50,000 people required to ‘promote’ ‘diversity’ if it’s so wonderful, and MOST people want it? Obviously MOST whites DO NOT want it. When YOU move in, WE move OUT.

Then you follow us to whichever still all white area we’ve moved to, and repeat the process.

It’s very simple: this is OUR country, not theirs. If I walked into Somalia with 50,000 other white British people, could I DEMAND that the Somalians call ME ‘Somalian’, and try to get them put in prison or sacked from their jobs if they refused? Are you really this naive and stupid? Apparently so.

You haven’t thought any of this through, you support the Left because you think it makes YOU look good, and that’s about it, hence it is ridiculously easy to punch great holes in your arguments (if you actually have any.)

And that is why the Left won’t debate anybody who has the audacity to disagree with them.

Don’t worry, your reign of terror will soon be over: as I said above, this country has two choices: a BNP...
government, and soon, or civil war. Do you seriously think that tens of millions of whites are going to just sit back FOREVER while our schools are filled with millions of third world children, our neighbourhoods are ruined by their obnoxious behaviour, and our children are facing a life of poverty because they are going to be forced to carry the unintelligent third world masses forever? Do you seriously think that tens of millions of whites are just going to continue moving house, moving house, and moving house, time after time after time, to get away from non-whites who destroy every area they move into, until there is nowhere left to get away from them?

Since you hate white people so much, and you don’t believe that nations exist, YOU move. Go and live in Haiti, and see how long you last, you’ll have all the ‘diversity’ you can stand, over there…

When this country splits into two, because of idiots like YOU, you can be sure that YOU will be forced OUT of the all white part, and into the ‘enriched’ side, where all the third worlders live – and they will tear you apart… you and all the other Marxist tyrants who have forced this crap onto us. Good luck.

David Radford

“They’re fighting to prevent another holocaust.”

Oy vey! Not another holocaust! Because obviously that’s what the BNP are secretly planning, right? I mean, just look at the BNP members in all the videos on their website, they’re all just itching to build some gas chambers! Hilarious!

Which part of ‘repatriation’ don’t you understand? Last time I looked, it didn’t involve killing anybody. The Pakistani population is having something like 4-5 children per family (marrying cousins too, I may add). If they are allowed to stay in this country, within twenty years there will be something like 10 million of them. Are they ‘British’ because they happen to have been born on OUR soil? How come they call themselves ‘Pakistanis’? How come EVERYBODY can SEE that they aren’t British, just by looking at them? How come they always run to PAKISTAN when they are wanted by the police for whatever heinous crime they have committed?

According to your logic, if I walk into China, the Chinese must ALL call me ‘Chinese’ or face dismissal from their jobs, or imprisonment, AND they must ALLOW IN ALL OTHER people from the U.K. who want to go and live there, in case I am ‘offended’ by them. That is the crux of your laughable argument. (i.e. you haven’t got one.)

This country is heading towards a civil war. The obnoxious, selfish, surly, criminal behaviour of the ‘enrichers’ is apparent for all to see. Just go into any ‘enriched’ area and have a look.

Now, please explain how it is possible for huge areas of Bradford, for example, to be NINETY NINE PERCENT muslim. I thought that ‘most’ white people ‘loved’ diversity, and WANT to live around muslims. So how is it possible for the next house that goes up for sale in a muslim part of Bradford, to not have twenty times as many potential white buyers as muslim buyers? Obviously, 99% of white people choose NOT to live among ‘enrichers’ when they have a choice.

Which means that MOST of the population disagree with you.

OWNED.

David Radford

Tell us, ‘Anon’, does this not sound like fascism to you?
The Quran, virtually on every page, is a manifesto for religious intolerance. — Sam Harris

“The five oldest and most trusted Islamic sources don’t portray Muhammad as a great and godly man. They reveal that he was a thief, liar, assassin, mass murderer, terrorist, warmonger, and an unrestrained sexual pervert engaged in pedophilia, incest, and rape. Your post is hilarious, David. The fact that you might believe some of the things you wrote isn’t. I seriously suggest you go and do some research, find out some facts about what you’ve written.

>> Let’s start with black crime, specifically murder: since you claim that blacks are just the same as whites, and there are at least twenty times as many whites as blacks in this country, I want you to show us all TWENTY white murderers for every ONE black murderer in this country

Don’t have statistics for the past month, but the ones for 2006 make interesting reading. 10% of white people are killed by non-white people. However, more than 10% of non-white deaths are caused by whites. Who’s the real villain? (Source: http://www.homeoffice.gov.uk/rds/pdfs04/s95race2003.pdf)

>> MOST of the population do not want non-whites living here, period. What do WE gain from it?

Why would we not want non-whites here? Why does skin colour make any difference what-so-ever? The economic benefits are the most obvious one.

>> I can tell you what we’ve LOST: our freedom of speech, our ability to get a job based on our ability, our basic freedoms, our quality of life, our children’s future, our countryside, our environment, everything.

Er, what? Do you have any facts to back up that claim, or are you just screaming “WILL SOMEONE PLEASE THINK OF THE CHILDREN?!”. The only freedom of speech impeding has been done by the Labour government in response to terrorism (both in Ireland and by Islamic extremists).

>> We have 50,000 people working in ‘diversity’ jobs

We do? How many of those people are white? Hmm, in fact, once again, do you have any facts to back that up, or are you just making statistics up on the spot.

>> It’s very simple: this is OUR country, not theirs.

There’s a difference between immigrants and non-whites though. The BNP doesn’t aim to solve this, if it did, why would it allow white “economic” immigration (e.g., of Poles), but deport non-whites?

>> When this country splits into two, because of idiots like YOU

I’d say you’re the idiot for wanting to ruin Britain. To take us back 600 years. To ruin our international reputation. We won’t be Great Britain any more. We’ll be our own tiny independent island who no-one cares about. That’s good if that’s what you want, but I’m *proud* to be British, to hold a British passport abroad. Why would you want to destroy that?

And of course I’ll leave the country if the BNP get power. Anyone who doesn’t support the white supremacist mantra will be the second against the wall (the first being the non-whites themselves) when the BNP get control of our military and police.

Chris Northwood

>> Are they ‘British’ because they happen to have been born on OUR soil?

Yeah... What else makes them British?

>> Which means that MOST of the population disagree with you.

Most of the population voted for parties which allow immigration (Labour, Lib Dems, Tories, etc). Which means, actually, most people disagree with you.

PWNEED.

And finally, your Quran quotes... All Holy books are as bad as each other. Here’s some favourites from the Christian Bible. Of course, this itself is an import from Arab countries, yet has been adopted by the Church of England and I would guess you consider "British":

“Whoever strikes his father or mother shall be put to death.”
“All who curse their father or mother must be put to death. They are guilty of a capital offense. ”

The Bible actually encourages killing non-Christians!

“They entered into a covenant to seek the Lord, the God of their fathers, with all their heart and soul; and everyone who would not seek the Lord, the God of Israel, was to be put to death, whether small or great, whether man or woman.” (2 Chronicles 15:12-13 NAB)

In fact, the Bible actually encourages killing Christians just if they happen to live in the same town as a non-believer!

“Suppose you hear in one of the towns the LORD your God is giving you that some worthless rabble among you have led their fellow citizens astray by encouraging them to worship foreign gods. In such cases, you must examine the facts carefully. If you find it is true and can prove that such a detestable act has occurred among you, you must attack that town and completely destroy all its inhabitants, as well as
all the livestock. Then you must pile all the plunder in the middle of the street and burn it. Put the entire
town to the torch as a burnt offering to the LORD your God. That town must remain a ruin forever; it may
never be rebuilt. Keep none of the plunder that has been set apart for destruction. Then the LORD will
turn from his fierce anger and be merciful to you. He will have compassion on you and make you a great
nation, just as he solemnly promised your ancestors. “The LORD your God will be merciful only if you obey
him and keep all the commands I am giving you today, doing what is pleasing to him.” (Deuteronomy
13:13-19 NLT)

The list goes on... http://www.evilbible.com/

The point is not that Christianity is evil (it’s not), it’s that you can not judge an entire religion by a few
quotes from a Holy book.

David, instead of ‘voluntarily repatriating’ people, why don’t you just help humanity by voluntarily
removing yourself from the gene pool?

David Radford
14 Jun '09 at 2:35 pm

The people in this video obviously don’t live in an ‘enriched’ area. Their concept of other races comes
entirely from the controlled media, and whatever their Marxist ‘leader’ has told them, about how ‘hard
done by’ the poor ‘asylum seekers’ are, and how we must ‘help them’, and aren’t we just bloody
wonderful for being so ‘caring’.

I’ve seen it a hundred times – some left wing, middle class twat, fresh out of public school, never
encountered black ‘yooft’ in his life, goes to university, gets all ‘political’, and thinks he knows what the
world is all about. When confronted with the cruel facts of reality, he goes apeshit and starts foaming at
the mouth. “Nazi scum, nazi scum” he shouts, determined not to look at the information that will prove
his whole pathetic Marxist house of cards to be incorrect.

And such is the nature of ALL leftwingers: they will not debate with you, which means they are BIGOTS.
They adhere to ONE point of view and refuse to look at any evidence to the contrary.

We’re all still waiting for ‘anon’ to explain to us why WE, as whites, should be the only people on Earth
who have to give up OUR countries to EVERYBODY ELSE ON THE PLANET.

“Don’t have statistics for the past month, but the ones for 2006 make interesting reading. 10% of white

whites. Who’s the real villain? (Source: http://www.homeoffice.gov.uk/nds/pdfs04/s95race2003.pdf)”

Hilarious. Who’s the real villain? Oh, I just can’t imagine...
Do you read the news? Do you watch Crimewatch?
I see you couldn’t show me TWENTY TIMES as many WHITE murderers as BLACK murderers, for the past
few months.

Why is that?

“Why would we not want non-whites here? Why does skin colour make any difference what-so-ever? The
economic benefits are the most obvious one.”

Skin colour doesn’t make a difference, you Marxist fool, RACE does. Let me see... where should I start. How about EVERY country in Africa. Which one of them do you think the U.K. should want to become like? Somalia? Rwanda? Zimbabwe? All wonderful success stories, full of happy, successful people, incredible manufacturing bases, computer chip plants and car manufacturers, with their own space programs. Oh, wait...

What “economic benefits” are you talking about? How can people who are less intelligent and more criminal and the indigenous population possibly bring “economic benefits”? Do you see any of these mythical “economic benefits” in THEIR OWN countries?

“The only freedom of speech impeding has been done by the Labour government in response to terrorism (both in Ireland and by Islamic extremists).”

Hilarious. You can be put in prison for SEVEN YEARS for ‘inciting hatred’ - in other words, SAYING the wrong thing. SEVEN YEARS. When did the British people ask for that?

If I am sitting on a bus and I say the word ‘nigger’ to a friend of mine, during a conversation, a black man is literally ALLOWED to physically attack me, and all because “he heard a word he didn’t like”. Please explain how that is acceptable. The “He called me a nigger” defence has been used hundreds of times by blacks. The same old cry of “Racist, racist, racist” which means “Give me your country”.

“We do? How many of those people are white? Hmm, in fact, once again, do you have any facts to back that up, or are you just making statistics up on the spot.”

Are you saying you don’t think it’s 50,000? Surely it shouldn’t matter, to a Marxist like you... It’s irrelevant whether they are black or white, those jobs wouldn’t be necessary if MOST of the population WANTED ‘diversity’, would they? How convenient that you don’t address the points which you can’t answer... (which would be most of them...)

“why would it allow white “economic” immigration (e.g., of Poles),”

You obviously don’t know much about the BNP. The BNP has spoken many times against the mass immigration of Poles to this country, due to their undercutting wages of British workers. The BNP are against MASS immigration of anybody, including whites.

“I’d say you’re the idiot for wanting to ruin Britain. To take us back 600 years. To ruin our international reputation. We won’t be Great Britain any more. We’ll be our own tiny independent island who no-one cares about.”

Hilarious. You’re insane. Take us back 600 years? Please explain. “Ruin our international reputation”? According to WHO, exactly? A bunch of third world freeloaders? We seemed to have a fantastic enough reputation BEFORE we were invaded by millions of unwelcome thirdworlders. Can you explain? Of course not.

How would we not be Great Britain any more? Weren’t we Great Britain a hundred years ago? You cretin. This is beyond belief!

“We’ll be our own tiny independent island who no-one cares about.”

Yes, of course! That’s it! Let’s just open the borders and NOT be “independent”, and then ‘everyone’ will “care” about us. YOU MORON.

“Yeah... What else makes them British?”

Their RACE. Their DNA. You know, the same thing that makes Chinese people CHINESE, and Japanese people JAPANESE, and Somalians SOMALIANS. Or do you have bad eyesight and can’t tell the difference between races? Can you tell the difference between Koreans, Chinese, Japanese, and Malaysians? I can.
According to you, ANYBODY can be ‘British’, but only Chinese people can be ‘Chinese’. Why is that acceptable? Why is it only WHITE countries which get this undemocratic destruction of their nationality?

You have no answers.

“Most of the population voted for parties which allow immigration (Labour, Lib Dems, Tories, etc). Which means, actually, most people disagree with you.”

And of course, over fifty years of threats and intimidation have had nothing to do with that, I suppose... Fifty years of a controlled left wing marxist media, threats of dismissal from your job for ‘thinking the wrong thoughts’, threats of imprisonment for saying anything against ANY ‘enrichers’, I suppose that has had no effect whatsoever.

Please explain why the BNP website is currently ranked at no. 800 in the U.K. WAY ahead of ANY other political party. Why is that?

I see that you couldn’t explain house buying practices. I’m waiting for your answer. House buying choices proves beyond ANY doubt that most white people agree with ME. “pwned” indeed.

“The point is not that Christianity is evil (it’s not), it’s that you can not judge an entire religion by a few quotes from a Holy book.”

Hilarious. I don’t judge Islam by a “few quotes” from their ‘holy’ book, I judge Islam by the actions of its FOUNDER. Did you read the prophetofdoom.net website? Of course not – you’re an insane left wing bigot who can’t face the truth. I judge Islam by the actions of its evil, hate filled, mass murdering, mass raping, paedophile founder, and the scum who follow that monster, and call him ‘the perfect man’, and the actions of the scum who follow him and murder in his name every day.

So come on Einstein, let’s have the REST of your ‘rebuttals’, since you conveniently ignored 90% of what I’ve written. Don’t worry, it will be time for beddie byes soon, ‘comrade’, and you can pull the covers up and pretend that the nasty people will all become nice and sing kum by ya for you...

David Radford

Chris Northwood, compare the life of Jesus to the life of Muhammad. I’ve got all day. Just write up a short paragraph on what each one did. Don’t censor the endless crime fest that was Mu-ham-head’s life, tell us the truth, then try and tell us that Islam is the same as Christianity in any way.

Which part of:
“The five oldest and most trusted Islamic sources don’t portray Muhammad as a great and godly man. They reveal that he was a thief, liar, assassin, mass murderer, terrorist, warmonger, and an unrestrained sexual pervert engaged in pedophilia, incest, and rape. He authorized deception, assassinations, torture, slavery, and genocide. He was a pirate, not a prophet.”

didn’t you understand?

David Radford

“David, instead of ‘voluntarily repatriating’ people, why don’t you just help humanity by voluntarily removing yourself from the gene pool?”

Oh George, what a brilliant and original response from a Marxist! How hilarious!

Didn’t you manage to rebut anything I’d written, and that was the best you could do?
Most people disagree with you, ‘comrades’, and very soon the results of your insane nation wrecking will be apparent to everybody. Civil war, and all because of a bunch of arrogant fuckwit tyrants like you.

David Radford

Here’s what Muslims read every day, Northwood, how many Christians read things like this every day, and worship a mass murdering, mass rapist paedophile?

Disbelievers will be cursed by Allah, angels, and men. They will have a painful doom. 3:87-88 52. Disbelievers will have a painful doom. And they will have no helpers. 3:91 53. Disbelievers will have their faces blackened on the last day. They will face an awful doom. 3:105-6 54. Those who disbelieve will be burnt in the Fire. 3:116 55. Don’t be friends with non-Muslims. They all hate you and want to ruin you. 3:118 56. The Fire is
prepared for disbelievers. 3:131 57. Give us victory over the disbelieving folk. 3:147 58. We shall cast terror into the hearts of those who disbelieve. Allah has cursed them for their disbelief. 4:46 67. Those who ascribe a partner to Allah (like Christians do with Jesus and the Holy Spirit) will not be forgiven. They have “invented a tremendous sin.” 4:48, 4:116 68. Those who invent lies about Allah are guilty of flagrant sin. 4:50 69. Jews and Christians believe in idols and false deities, yet they claim to be more rightly guided than Muslims. 4:51 70. “Those (Christians and Jews) are they whom Allah hath cursed.” 4:52 71. Hell is sufficient for their burning. 4:55 72. Unbelievers will be tormented forever with fire. When their skin is burned off, a fresh skin will be provided. 4:56 73. So fight the minions of the devil. 4:76 80. Allah casts the hypocrites back to disbelief. Don’t try to guide those that Allah sends astray. 4:88 81. Have no unbelieving friends. Kill the unbelievers wherever you find them. 4:89 82. If the unbelievers do not offer you peace, kill them wherever you find them. Against such you are given clear warrant. 4:91 83. Believers shouldn’t kill believers, unless by mistake. If you kill a believer by mistake, you must set free a believing slave. 4:92 84. Believers who kill believers will go to hell. 4:93 85. The disbelievers are an open enemy to you. 4:101 86. For the disbelievers, Allah has prepared a shameful punishment. 4:102 87. Relent not in pursuit of the enemy. They have no hope from Allah. 4:104 88. Those who oppose the messenger and become unbelievers will go to hell. 4:115 89. They (those who ascribe partners to Allah) invoke in his stead only females and pray to Satan. 4:117 90. Allah will lead them astray and they will go to hell. 4:119-121 91. Those who believe, then disbelieve, then believe and disbelieve again will never be forgiven by Allah. 4:137 92. For the hypocrites there will be a painful doom. 4:138 93. Allah will gather hypocrites and disbelievers into hell. 4:140 94. Allah will not allow disbelievers to succeed against believers. 4:141 95. Do not choose disbelievers as friends. 4:144 96. The hypocrites will be in the lowest part of hell and no one will help them there. 4:145 97. You must believe everything Allah and his messengers tell you. Those who don’t are disbelievers and will face a painful doom. 4:150-151 98. For the wrongdoing Jews, Allah has prepared a painful doom. 4:160 99. God will guide disbelievers down a road that leads to everlasting hell. 4:168-169 100. Those who deny Islam will be losers in the Hereafter. 5:5 101. Disbelievers are the rightful owners of Hell. 5:10 102. Allah has cursed the Jews and hardened their hearts. Nearly all of them are treacherous. 5:12-13 103. Allah has stirred up enmity and hatred among Christians. 5:14 104. Christians are disbelievers for believing in the divinity of Christ. 5:17 105. Those who make war with Allah and his messenger will be killed or crucified, or have their hands and feet on alternate sides cut off, or will be expelled out of the land. That is how they will be treated in this world, and in the next they will have an awful doom. 5:33 106. Disbelievers will have a painful doom. 5:36 107. Disbelievers will want to come out of the Fire, but will not. Theirs will be a lasting doom. 5:37 108. Cut off the hands of thieves. It is an exemplary punishment from Allah. 5:38 109. Allah makes some people sin. He will not cleanse their hearts. They will have ignominy in this world, and in the Hereafter an awful doom. 5:41 110. Life for life, eye for eye, nose for nose, ear for ear, and tooth for tooth. Non-muslims are wrong doers. 5:45 111. Don’t take Jews or Christians for friends. If you do, then Allah will consider you to be one of them. 5:51 112. Jews and Christians are losers. 5:53 113. Don’t choose Jews, Christians, or disbelievers as guardians. 5:57 114. Jews and Christians are evil-livers. 5:59 115. Evil is the handiwork of the rabbis and priests. 5:63 116. Allah has cast enmity and hatred among the Jews. 5:64 117. Allah does not guide disbelievers. 5:67 118. The Jews rejected and killed Allah’s prophets, since “they were wilfully blind and deaf.” 5:70-71 119. Christians will be burned in the Fire. 5:72 120. Christians are wrong about the Trinity. For that they will have a painful doom. 5:73 121. Muslims that make friends
with disbelievers will face a doom prepared for them by Allah. 5:80 122. Disbelievers will be owners of hell-fire. 5:86 123. Allah will test believers to see if they are afraid. Those who fail a second test will suffer a painful doom. 5:94 124. Those who deny the truth of Islam will be punished by Allah. 6:5 125. “See the nature of the consequence for the rejecters!” 6:11 126. “Those who ruin their souls will not believe.” 6:12, 20 127. Disbelievers will say when they see the Fire that they would have believed if they had known the truth. But they are all liars. 6:27-28 128. Allah will torment those how deny his revelations. 6:49 129. Stay away from those who “meddle with” or mock the Quran. 6:68 130. Those who disbelieve will be forced to drink boiling water, and will face a painful doom. 6:70 131. When nonbelievers die, the angels will deliver to them doom and degradation. 6:93 132. Stay away from idolaters. 6:106 133. Allah confounds the hearts and eyes of unbelievers. 6:110 134. Most unbelievers are ignorant. 6:111 135. Allah allows some to disbelieve in the afterlife, and to take pleasure in their disbelief, so that he can torment them forever after they die. 6:113 136. The worst thing anyone can do is deny the revelations of Allah. Those who do so will be awared an evil doom. 6:157 137. Disbelievers lose their souls. 7:9 138. Allah has made devils the protecting friends of disbelievers. 7:27 139. Disbelievers choose devils as protecting friends and believe they are rightly guided. 7:30 140. Only believers go to heaven. 7:32 141. Allah forbids beliefs that he hasn’t revealed (i.e., all non-muslim beliefs). 7:33 142. Disbelievers are the rightful owners of the Fire. 7:36 143. Disbelief is the greatest evil. 7:37 144. Disbelievers will be excluded from heaven. Theirs will be a bed of hell. 7:40-41 145. Those in the fire will be taunted by those in the Garden. “So how’s it going down there? Are you enjoying the warmth of the Fire?” 7:44 146. Those in the Fire will cry out to those in heaven, saying: “Pour water on us.” But Allah has forbidden that to disbelievers. 7:50 147. Those who forget Allah will be forgotten (sent to hell) on Judgement Day. 7:51 148. Serve Allah or go to hell. 7:59 149. Allah drowned everyone on earth (except Noah and his family) because they disbelieved. 7:64 150. Disbelievers are liars. 7:66 151. Those who believe incorrectly will face the terror and wrath of Allah. 7:71 152. “We cut the root of those who denied Our revelations and were not believers.” 7:72 153. Allah killed the disbelievers with an earthquake. 7:78 154. Allah killed everyone in Sodom and Gomorrah except Lot and his daughters. 7:83-84 155. “So the earthquake seized them.” Allah killed the disbelievers with an earthquake. 7:90-91 156. “Then We seized them unawares, when they perceived not.” Unbelievers are never safe from Allah’s wrath. 7:95-99 157. “How can I sorrow for a people that rejected (truth)?”

David Radford

One last simple point: what is the punishment for leaving Islam?

David Radford

“Family advocates are outraged by a prom held at Boston City Hall that was open to children apparently as young as 12 featuring crossdressers, homosexual heavy petting, suspected drug use and a leather-clad doorman who teaches sexual bondage classes.

Children from middle schools and high schools across Massachusetts on May 9 attended a Youth Pride Day event ending with a prom inside of Boston City Hall sponsored by the Boston Alliance of Gay, Lesbian, Bisexual, Transgender Youth, or BAGLY, a group seated on the Massachusetts Commission for GLBT Youth.

Boston Mayor Thomas Menino issued a proclamation welcoming homosexual and transgender youth to the celebration. A man in drag introduced a homosexual activist from Menino’s office to read the letter.

Why would 22-year-olds be mingling with 14 and 15-year-olds?” Camenker asked, troubled by the details of the event. “As we saw, they pay no attention to any age limit at all. It was full of all of these strange adults.”
A doorman, with a Mr. Boston Leather sash, had BAGLY’s official chaperone credentials around his neck, Camenker noted. He identified himself as a “leather BDSM (bondage discipline and sado-masochism) fetishist” and handed out business cards to youth.

His card asked, “What is it you plan to do with your one wild and precious life?”

Mr. Boston Leather’s MySpace profile describes him as a single, middle-aged gay male who attends spanking parties and waxes for leather dancing events.”

That video is HILARIOUS. He has the lisp down pat... Paedophiles openly getting their hands on their victims...

But I’m sure you’re all in favour of this, aren’t you ‘Northwood’. Because there’s nothing wrong with gays, and ‘most’ people don’t think they’re sick paedophiles, or anything like that, no, of course not...

Chris Northwood

Woah, woah calm down. there’s no need to resort to name calling. If your views are so solid you shouldn’t need to start slanging around insults left right and centre.

>> Do you read the news? Do you watch Crimewatch?

I don’t watch Crimewatch actually. But what I see on the news is consistent with that report – most killing is white-on-white, or black-on-black, etc...

>> I see you couldn’t show me TWENTY TIMES as many WHITE murderers as BLACK murderers, for the past few months. Why is that?

Because I don’t care enough to research it more thoroughly.

>> you Marxist fool

I’m a capitalist. Which is quite against Marxism, if I understand correctly.

>> How can people who are less intelligent and more criminal and the indigenous population possibly bring “economic benefits”?

By doing the jobs that the indigenous population do not want to do. Service jobs, chiefly.

>> If I am sitting on a bus and I say the word ‘nigger’ to a friend of mine, during a conversation, a black man is literally ALLOWED to physically attack me

Once again, you get simple facts wrong. This is complete rubbish.

>> Take us back 600 years? Please explain.

Look up the BNP’s definition of British ethnicity. People who emigrated en masse over 600 years ago (the Vikings, the Anglo-Saxons, etc) are British, but people since then aren’t.

>> We seemed to have a fantastic enough reputation BEFORE we were invaded by millions of unwelcome thirdworlders. Can you explain? Of course not.

What the hell are you on about. We were particularly Great in the Victorian era due to the Empire. The Empire with which we greatly expanded British territories to include these third worlds you seem to despise so much by invading them.
>> Their RACE. Their DNA.

Can you define that a bit more in depth? What makes a Brit different to a Frenchman, or a German?

>> According to you, ANYBODY can be ‘British’, but only Chinese people can be ‘Chinese’. Why is that acceptable? Why is it only WHITE countries which get this undemocratic destruction of their nationality?

Heh, that’s not what I said. If moved to, say, Japan and fathered a child whilst there, that child would be Japanese.

>> Of course not - you’re an insane left wing bigot who can’t face the truth.

Actually, I have very little time for any sort of religion. Whether it’s Muslim extremists blowing up towers, or Christian nutjobs shooting abortion doctors in America.

>> Please explain why the BNP website is currently ranked at no. 800 in the U.K. WAY ahead of ANY other political party. Why is that?

Presumably the same reason Libertas’s website was listed at 600th a fortnight ago - people are interested in reading the policies of a fringe party they perhaps don’t know much about.

I think it’s very obvious you don’t listen to reason and we have fundamentally different opinions, as well as a victim complex and a very warped view of reality.

I’m not a “Marxist”, by the way. I believe in a lean government with power decentralised to local representatives. I guess I’m more a “libertarian”.

You want to fundamentally change Britain. I love the multiculturalism of this country. I love being able to go out and have an Chinese take-away with my Indian friends. I love being able to essentially walk through passport control in other countries because of the reputation a British passport holds. I don’t think the changes BNP want to introduce will change Britain for the better and neither do I think a government that seeks to actively persecute against a number of people I consider friends, and who I would consider British - they live in a “British” way (whatever that means) and are fully integrated into this country (like, I suspect, a sizeable portion of immigrants are) - is a government I would feel comfortable living under.

Chris Northwood

>> But I’m sure you’re all in favour of this, aren’t you ‘Northwood’

Sure. I don’t see why you care though, I mean it happened in somewhere that’s not Britain.

>> Because there’s nothing wrong with gays, and ‘most’ people don’t think they’re sick paedophiles, or anything like that, no, of course not...

Absolutely nothing wrong with gay people. Why do you have a problem with them? I’d imagine a good bit of buggery is quite a British thing to do.

Jason Rose

I said it befor to the other nutcase so I’ll say it to you. I’m not some upper class fool that hasn’t experienced the real world. I’m someone who has spent time in Morocco, Tunisia, Egypt, United Arab Emirates, South Africa, Swaziland, Brazil, China, Mexico, USA, Turkey.. A month lived in a poor area in Sri Lanka. I have seen as much trouble caused by whites as non-whites. My question is simple, David – have you ever been outside Europe?
George

Chris, Jason:
One can only reason with rational people – arguing with mentally unstable white supremacists won’t lead you anywhere. Condescending as it may sound, people like David are simply a product of a failed type of politics. (Ironically enough, the type of politics that you claimed you support Chris.)

The only way that their extremist views can be dealt with is by addressing the social conditions (poverty, unemployment, lack of education etc.) which generate the need for scapegoats.

David, the best of luck with your life. I am sure you will be a success story yourself, thus proving your inherent superiority over us damn ‘multiracialists’. Let’s just wait and see how that plays out.

David Radford

Still, ‘comrades’, don’t worry, soon enough ALL dissent will have been banned, completely undemocratically...

“If yesterday’s Holocaust Museum slaying of security guard and national hero Stephen Tyrone Johns is not a clarion call for banning hate speech, I don’t know what is. Playwright Janet Langhart Cohen appeared on CNN yesterday right after the shooting, as she wrote a play that was supposed to have been debuted at the Holocaust Museum last night. Her play is about Emmett Till, whose lynching helped launch the Civil Rights Movement, and Ann Frank, whose diary told the story of Holocaust victims in hiding in the Netherlands during World War II.

She said something must be done about ridding the Internet and the public dialogue of hate speech. I agree. Not only have we had three hate crime murders within the last two weeks (Mr. Johns, as noted above, Dr. George Tiller a week ago last Sunday, and Pvt. William Andrew Long by an American-born Muslim convert outside a recruiting station just before that.)”

Yes, damn that “hate” speech (meaning anybody who isn’t a Marxist speaking out and proving Marxists to be wrong...)

Just the sort of tyranny you leftwing cretins love, isn’t it... Sounds remarkably like the very FASCISM you claim to be against...

Lose your temper, lose the argument...

David Radford

“Because I don’t care enough to research it more thoroughly.”

And that makes you right? Laughable.

“By doing the jobs that the indigenous population do not want to do. Service jobs, chiefly.”

Hilarious. Is this a joke? You can’t be serious. Who did all those jobs BEFORE the ‘enrichers’ came? How did we get through two world wars without them? What happens to wages when you bring in millions of virtual slaves from the third world?

“Once again, you get simple facts wrong. This is complete rubbish.”
No it isn’t. There are hundreds of cases where black men have attacked whites and got a lesser sentence because they claimed that the white ‘said something’ they didn’t like. It doesn’t work the other way round. I see you can’t handle the truth, ‘comrade’.

“Look up the BNP’s definition of British ethnicity. People who emigrated en masse over 600 years ago (the Vikings, the Anglo-Saxons, etc) are British, but people since then aren’t.”

And? That isn’t taking us back 600 years, you idiot. You’re acting as if we’d lose all the INVENTIONS and TECHNOLOGY that British men created over the past 600 years. I wonder why the AFRICANS didn’t invent anything...

“The Empire with which we greatly expanded British territories to include these third worlds you seem to despise so much by invading them.”

Bloody hilarious. When did I invade the third world?

“If moved to, say, Japan and fathered a child whilst there, that child would be Japanese.”

The JAPANESE think otherwise. Why don’t you contact some Japanese people and ASK them what they think of your colonisation idea. Ask them what they think of any whites who were born in Japan – they DO NOT call them ‘Japanese’.

“Can you define that a bit more in depth? What makes a Brit different to a Frenchman, or a German?”

Not a lot, just culture. And I’m SURE that you mean WHITE people when you said “Frenchman, or a German” – how RACIST of you ‘comrade’!!!

That’s why the whites who emigrated from Europe to the USA fitted in with each other just fine, whereas the non-whites do not.

“Presumably the same reason Libertas’s website was listed at 600th a fortnight ago – people are interested in reading the policies of a fringe party they perhaps don’t know much about.”

Yes, that would be it comrade!!! It couldn’t possibly be that YOU are wrong, and that MOST people don’t agree with your insane Marxist politics, could it... The BNP has been the most popular of all the political parties’ websites for over five years. ALL OF THE TIME. How do you explain that, ‘comrade’? Why is their membership increasing at an unprecedented rate, ‘comrade’?

“I think it’s very obvious you don’t listen to reason and we have fundamentally different opinions, as well as a victim complex and a very warped view of reality.”

Yes, sure. I don’t listen to reason. Despite the fact that everything I’ve written up is EASILY provable, is ALL backed up by fact, and you can’t refute it. I see you have YET TO EXPLAIN house buying choices among whites and non-whites.

Come on ‘comrade’, have a good long hard think about it.

“You want to fundamentally change Britain. I love the multiculturalism of this country. I love being able to go out and have an Chinese take-away with my Indian friends.”

You’re literally insane. Fundamentally change Britain? It’s already BEEN “fundamentally changed” you idiot – it USED to be a happy, peaceful ALL WHITE country, where everybody was free, and we didn’t have to spend our entire lives worrying about thinking the wrong thoughts, or saying the wrong thing, in case one of the ‘thought police’ (you) overheard us, or an ‘enricher’ decided to take advantage of the undemocratic ‘hate crime’ laws and ruin our lives.

Move to INDIA if you love Indian people so much. What gives YOU the right to impose your insane Marxist ideals on the majority of the people in this country, who clearly do not agree with you?
Again – house buying choices proves that the majority do not agree with you. Yet you can’t address it ‘comrade’, can you...

David Radford

“Sure. I don’t see why you care though, I mean it happened in somewhere that’s not Britain.”

Yes, why should I care about children being got at by paedophiles, as long as they aren’t in Britain. Idiot.

It matters to me no matter what country they are in. And it’s just another example of the tyranny of political correctness. Some are more ‘equal’ than others, aren’t they ‘comrade’… We mustn’t say anything bad about gays, must we... No... let’s let them get their hands on 12 year old children. How ‘inclusive’ of you.

Chris Northwood

“Lose your temper, lose the argument...”

Quite. I think I’ve won then.

David Radford

“David, the best of luck with your life. I am sure you will be a success story yourself, thus proving your inherent superiority over us damn ‘multiracialists’. Let’s just wait and see how that plays out.”

What a brilliant rebuttal to all of my points. I’m crushed, ‘comrade’. You’ve proved me wrong about everything.

Not.

So why don’t you start by explaining how it’s possible for concentrations of non-whites to form in areas in a majority white country, if ‘most’ of the white population WANT to live around them.

I know you can’t answer it, because that simple, single question proves that MOST of the white population disagree with you, and want to live in an all white country.

Unless you have a better explanation...

David Radford

“Quite. I think I’ve won then.”

Truly pathetic. So typical of the Left. You come on and pretend that you can actually discuss your own insane belief system, but then run away with your tails between your legs when faced with cold, hard reality.

Answer my simple question, which I’ve made MANY times, about house buying choices. It’s simple.
David Radford

“A month lived in a poor area in Sri Lanka. I have seen as much trouble caused by whites as non-whites. My question is simple, David – have you ever been outside Europe?”

Oh Jason! I haven’t been outside Europe – and I haven’t been to the moon. Therefore I am unqualified to talk about what I can actually SEE with my own eyes, all around me, every day of my life.

If only we had television and the internet, I could find out what life is like in those far off lands, but alas, I have to rely on the superior knowledge of world travellers like yourself.

What exactly is your point?

Why don’t you try and rebut anything I’ve said, ‘comrade’?
MOST white people disagree with you. House buying choices prove it, beyond any shadow of a doubt.

David Radford

I see you all proved incapable of discussing Islam. Why is that, ‘comrades’?
Is your “non-whites get a free pass” politics not working? Is your “non-whites are inherently oppressed and better than all white people” bullshit not adding up? Let me see...

Islam means: women being treated like dirt. Women being OWNED by men. Men being allowed to have more than one wife.
Gays being murdered for being gay. (That’s not BNP policy, is it.)
Animals having their throats slit and being left to bleed to death, “because God told me to do it”. No democracy. Slavish obedience to evil imams. Mass murder of anybody who won’t join their sick cult.

Am I getting through to you yet? What planet are you idiots on? Don’t you read the news? Do you just close your eyes when you come across awkward facts that don’t fit in with your insane ‘we’re all the same’ worldview?

Tell us all about the ‘prophet’ of Islam, and what he did during his lifetime. Then tell us why we should want ANY of his followers in this country.

David Radford

Let me repeat my simple, factual statement, which you cannot address:

Please explain how it is possible for huge areas of Bradford, for example, to be NINETY NINE PERCENT muslim. I thought that ‘most’ white people ‘loved’ diversity, and WANT to live around muslims. So how is it possible for the next house that goes up for sale in a muslim part of Bradford, to not have twenty times as many potential white buyers as muslim buyers? Obviously, 99% of white people choose NOT to live among ‘enrichers’ when they have a choice.

Which means that MOST of the population disagree with you.

OWNED.

Otherwise, millions of white people would be buying the houses that go up for sale in Tower Hamlets, Haringey, Bradford, and every other ‘enriched’ area of the country, since you all (laughably) claim that MOST of us WANT to live around third worlders.
Jason Rose

Yes, truly. The point at which Chris says “I disagree with what you’re saying. As a capitalist, I think that we lose money from blockading the rest of the world and we lose face as a nation by cutting ourselves off” and you say “MARXIST” is the point at which anyone reading this thread will laugh at what must be satire.

“Move to INDIA if you love Indian people so much. What gives YOU the right to impose your insane Marxist ideals on the majority of the people in this country, who clearly do not agree with you?”

I don’t love Indian people; I like them as much as I like anyone else. I know some pleasant people from Asia and I know some people from Asia who are not so pleasant. I know some Africans who are pleasant and unpleasant; none of them are as bad as a few of the ‘whites’ I know at this university and yet I don’t hate white people. Why? BECAUSE YOU’RE CRAZY.

Allow me to demonstrate by randomly copying your last two sentences below:

“We mustn’t say anything bad about gays, must we... no... let’s let them get their hands on 12 year old children. How ‘inclusive’ of you.”

Quod erat demonstrandum.

Also, are you even a student?

David Radford

And if, as you claim, most people WANT more immigration, why aren’t the Tories trying to outdo the Labour party, and promising as part of their manifest, that if elected, they will allow in two million immigrants during their first year in power? Why aren’t the Labour party saying that if they are re-elected, they will allow in THREE MILLION?

After all, according to you Marxists, immigration is ‘good for the economy’, and most white people want it...

This is like shooting fish in a barrel.

simone

Will UAF be protesting against the fascist hizb-ut-tahrir stalls that are present in many town high streets on saturday afternoons?

Thought not.

Censorship as usual...

View this PDF file from the USDOJ:
then look at the fourth set of results:
“Rape/Sexual assault”.
See where it says “Black only”? (Those are the VICTIMS’ races) Look across to
“Perceived race of offender” – under WHITE it says ZERO. Which means NO WHITES raped any BLACKS in 2005.

Now look at where it says “White only” (those are the VICTIMS’ races) – look across to “Perceived race of offender” – under BLACK it says 33.6%, and other OTHER (non-whites, in other words), it says 19.6%. Which means that in 2005, there were 37,460 white women raped by BLACK MEN, 21,852 white women raped by other NON-WHITE MEN, and ZERO BLACK WOMEN RAPED BY WHITE MEN.

Care to explain?

And you think we whites WANT this?

Seeing this bunch of social misfits makes me even happier I voted BNP. They haven’t a clue what democracy is and the issues real working people have in Yorkshire. They also haven’t the intelligence to understand or debate the genuine concerns the BNP raise. Everytime they show up with their pathetic chants and shouts all they do is encourage more BNP voters.

You honestly think the status quo with regards to immigration is Marxist?

Foreign workers often work in low paid, often agricultural or manufacturing jobs with long working hours and no guarantee they’ll still have their job in a month’s time. You think Marx would approve of this? You think Marx would approve of capitalists being able to continually force up profit at the expense of workers by forcing down wages?

I really don’t think you can call defenders of migrant workers being allowed to remain in Britain Marxists.

What Marx did believe however was that segregating people because of race or other superficial differences was used to divide workers, cause resentment between working classes and therefore stop them from uniting against the capitalist class.

‘Marxist’ isn’t just another word for student lefty. Marx would disagree with most of what’s been said by the ‘left’ (or anyone thats not a BNP fan…) on this board. Just thought I should point this out.

If most white people agreed with you, then why did the BNP not get more votes? In fact, if most people are racist and believe in white supremacy, why is there no UK party that wants to forcibly eject all non-whites? Even the BNP only publicly state they want “voluntary” repatriation.

The answer’s simple, the BNP are a wolf in sheep’s clothing trying to pass their racist agenda off as something more innocent.

>> Islam means: women being treated like dirt. Women being OWNED by men. Men being allowed to have more than one wife.

Gays being murdered for being gay.
So does Christianity if you take the Bible literally.

>> Then tell us why we should want ANY of his followers in this country.

Shall we kick out all Christians too then?

Also, why did you feel to post the same thing twice, once under “David Radford” and the second under “Censorship as usual”, but somehow fucking up your Unicode.

One must ask your motivations for posting on this website. What was your aim? To encourage UoY students to vote BNP? These are the same students that have democratically voted to condemn the policies of the BNP. Really, what did you hope to achieve, or are you just spreading your vile hate everywhere, much in the same way as those extremist Islam clerics who you hate so much?

Simon Whitten

A link was posted on a popular White Nationalist forum which shall not be advertised. Apparently they have nothing better to do than spam Nouse.

I hope people now see what it is they are saying when they absurdly suggest that the UAF are worse than the BNP.

George

“What a brilliant rebuttal to all of my points. I’m crushed, ‘comrade’. You’ve proved me wrong about everything.”

David, I do not need to prove you wrong about anything. I was not debating with you and I do not intend to waste any of my time replying to your brainsquawks.

I know very well that, no matter what I say, you will still hold on to your discredited ideas. And that is so, my fascist friend, because racism is a form of psychological defense – you like to think that you are inherently superior to other people, as you probably haven’t achieved much in your life and you need to feel that you belong somewhere special. For spiteful failures like you, it’s either racism or hooliganism – or both, perhaps?

So, even if calmly explain to you why it is poverty that generates crime, and not a racial predisposition to law-breaking, you will just block it all off. I can only hope that you will meet enough people in your life in order to realise how meaningless your hate is.

Jason Rose

“They also haven’t the intelligence to understand or debate the genuine concerns the BNP raise.”

I’d be more than happy to talk things through with you over a cup of coffee or something. There are few genuine concerns that the BNP raise – they are masquerading racism as a genuine concern – but I
completely understand that the people who *voted* BNP have genuine concerns. The real problem is that voting the BNP into office will *worsen* these concerns and not improve things. Racism *causes* violence, and causes the black population in Britain to feel further oppressed. If you can’t see that, the debate is pointless. Go and talk to people who were involved in the Bradford Riots and you’ll see what the *real* problems within racial tension are.

David Radford

Christ, George, that was hilarious. Not one FACTUAL word about ANYTHING I’ve said, just a laughable attempt to ‘psychoanalyse’ me, apparently.

The Leftie way...

I see that none of you left wingers have rebutted a single word I’ve said.

Northwood – I reposted under the username ‘Censorship as usual’ because strangely enough, half of my posts had been deleted. But I’d already saved them, and reposted them.

You still haven’t rebutted a single thing I’ve written.

In case you hadn’t noticed (I have), for the past 50 years, this country (and every white country on Earth) has faced non-stop propaganda, telling white people that if they want to live in an all white country, they are EVIL.

Or hadn’t you noticed? Why, your good self and ‘George’ have also stated as much, continually, in your posts on this page.

Secondly- I have no way of knowing how much fraud occurred in the European elections – do YOU? Let me see, town councils run by Common Purpose, globalist nutcases, ballot boxes stored ‘somewhere’ for three days, out of the sight of the public, it couldn’t be because of FRAUD, could it ‘comrade’?

And that is all moot anyway – because as I KEEP repeating – house buying choices, in all white countries, proves beyond any shadow of a doubt that MOST white people don’t agree with you.

House buying choices are the only thing that white people have left which they don’t have to explain to their Common Purpose employer, nor to their friends, nor to anybody – they say they are moving to a ‘better’ area, when they really mean “I can’t stand living around these third worlders, and I am moving to an all white area, or as white an area as I can afford.”

I have got you all over a barrel with this: it is statistically impossible for concentrations of non-whites to form in any area in any majority white country, if MOST whites WANT to live around them. The market forces dictate that there will always be scores of times as many potential white buyers of any house that goes up for sale in any given area, yet somehow CERTAIN areas become more and more ‘enriched’.

Please explain this.

Obviously you can’t. So you resort to your laughable psychoanalysis.

You failed to explain why the BNP website is the most popular of all the political parties, BY FAR. It’s no. 800 in the entire U.K. website list – how is that possible? It’s happening because people, in the safety of their own homes, reveal what they really feel.

You failed to explain why separate countries, cultures, languages and races have existed since the dawn of mankind. If MOST people WANT to mix with other races, why has it only started happening since 1950? And why is it only WHITE countries which are ‘lucky’ enough to be getting all this ‘enrichment’?

Your bigotry is pathetic.

Every objection you bring up, I address it.
Every objection I bring up, you ignore it. Which means you are plain and simply wrong.

“If most white people agreed with you, then why did the BNP not get more votes? In fact, if most people are racist and believe in white supremacy, why is there no UK party that wants to forcibly eject all non-whites? Even the BNP only publicly state they want “voluntary” repatriation.

The answer’s simple, the BNP are a wolf in sheep’s clothing trying to pass their racist agenda off as something more innocent.”

No, if you DARE to say “I prefer living in an all white country” you will be sacked from MOST jobs, for being ‘racist’. Most of the white people unfortunate enough to live in areas which USED to be 100% white, but which have now been ‘enriched’ by non-whites, sure as hell want them forcibly repatriated.

You still haven’t explained why it isn’t okay for British people to keep our tiny island, but it’s fine for Africans to keep their countries. Since you love ‘diversity’ so much, why aren’t you striving to move to Haiti? (I don’t expect an answer, I know you haven’t got one.)

“So does Christianity if you take the Bible literally.

>> Then tell us why we should want ANY of his followers in this country.

Shall we kick out all Christians too then?”

Laughable. I see you didn’t get round to comparing the life and actions of Jesus to the life and actions of the ‘prophet’ Mo-ham-head. Why is that, Northwood?

I take it you read the http://www.prophetofdoom.net website? And the Koran? And the hadiths? They tell you everything you know about the ‘prophet’ – any comments? Is mass murder okay with you? What about the people who WORSHIP this man, and would KILL YOU for saying just one word against him? Are they the same as Christians? (I’m an atheist, by the way.) Do you believe that Mo-ham-head’s multiple rapes of women were somehow acceptable? What about the over a billion people who call him the ‘perfect man’ – anything to say about them?

Of course not – because they aren’t WHITE! And therefore, anything they do is okay – because heaven forbid anyone accuses YOU of being ‘racist’, isn’t that right, ‘comrade’...

If muslims were all white, you would be condemning them the way I am. If ‘Mo-ham-head’ was born thirty years ago and was CURRENTLY murdering innocent Jews, raping women, and raping a nine year old girl, and was WHITE, would you still be saying that muslims are just wonderful?

You are beyond idiots. You can’t face reality, so you have to censor the truth at every turn – which is truly embarrassing.

Pray, tell us all what your vision of the future for this country is. What is it going to be like in fifty years’ time? A 90% non-white population, preying on the remaining 10% of white people? What happens to all the starving millions in Africa, when all of Europe has been destroyed by the third world hordes?

Didn’t think of that, did you, idiots.

But then I forget – you actually believe that LAND MASSES are what make people intelligent! So I guess once those Africans have been over here for long enough, they’ll inherit the ‘magic’ of the LAND MASS and start acting in a civilised manner, and be able to grow an excess of food, to send to their black brothers back in Africa!

Isn’t it odd how whenever I see a picture of a sponsored run for Oxfam, there are hardly any BLACKS? It’s only whites who are stupid enough to spend their time trying to help millions of blacks in Africa – the vast majority of the ones who are over here couldn’t care less – otherwise, you would expect most blacks over here to be living in virtual poverty, despite working hard, as they sent all their spare money back to save
the lives of the starving babies in their home country. Why aren’t they doing that?

You haven’t explained where all the gay couples are, either...

John Hastings summed it up very well:
“Seeing this bunch of social misfits makes me even happier I voted BNP. They haven’t a clue what democracy is and the issues real working people have in Yorkshire. They also haven’t the intelligence to understand or debate the genuine concerns the BNP raise. Everytime they show up with their pathetic chants and shouts all they do is encourage more BNP voters.”

I’m here debating you, yet you can’t refute a word I’ve said.

It’s basic stuff – house buying choices. I DARE you to discuss it. When you go to bed tonight, the FACT of MILLIONS of white people’s house buying choices will still be there. It can be plotted on a map. You can take any ‘enriched’ area, and check back through the years, and find out who lived there, right back to when it was all WHITE people, then watch how one non-white family moves in, then another, then another, and all that time, there were 100 times as many potential white buyers (in the early 1960s), then 50 times as many, then 30 times as many, then 10 times as many, then 6 or 7 times as many (present day), yet STILL, somehow, against all the odds, those non-whites managed to buy the next house that came up for sale in an ‘enriched’ area. Isn’t that odd...

Might I suggest that before you adopt a political viewpoint, you look at the facts FIRST, then form your opinions, rather than the other way round.

David Radford

“Racism *causes* violence, and causes the black population in Britain to feel further oppressed.”

Hilarious. So, ‘comrade’ Jason – are you saying that there is a LOT of ‘racism’? A LOT of ‘racism’ against blacks? Would you go so far as to say that MOST white people are, to some degree’, ‘racist’ towards blacks?

Have you heard of DEMOCRACY? That means majority rule. Whatever MOST people want, that is the way we live.

So you’re actually admitting that MOST white people simply don’t want non-whites in OUR countries. (As I have proved above). And why SHOULD we? Because YOU say so?
What’s wrong with these people’s OWN countries? Oh, I forgot – they’re full of people like THEM, and somehow that is OUR fault!

People from failed countries are bound to want to come and live in successful countries. Why aren’t you calling the Japanese ‘racist’, since they haven’t got an open borders policy, and aren’t in the middle of turning themselves into a minority in their OWN country. Those damn Japanese sure must be ‘full of hate’ (TM), right?

Cat got your tongue?

You Lefties are truly pathetic – your entire political argument is based on YOU wanting to appear ‘caring’ and ‘kind’, and to hell with the REALITY which the rest of us have to put up with every day, all around us.

We want our country back, and we ARE going to get it.
Like I said – there are two possible futures for this country: a BNP government within the next ten years, or a brutal, bloody civil war.

Once the civil war is over, or even during it, obviously people will be separating along racial lines. (If you want to stay alive, that is. Go to Alum Rock and see how long you last, see how ‘friendly’ the muslims that
live there are towards you.) Whites will be fleeing their homes while whole areas are burnt to the ground, with tens of thousands of white people murdered by the ‘enrichers’. And what do you think will happen to all the leftwing tossers who FORCED this shit onto us? We, the tens of millions of whites who will have just gone through the worst period of our entire lives because of tyrannous idiots like you, will simply push you over the border, into the ‘enrichers’ part of the country, and you can plead with them for your lives.

Your stupidity is beyond contempt. I have posted up umpteen pieces of evidence to back up my position, from news reports, all factual, all easy to verify, and you have posted up NOTHING, except “Racist” “Racist” “Racist”. Is THAT your argument?

If I walk up to the house of a millionaire, knock on the door, push past him and sit on his settee, and he tries to throw me out, can I shout “Classist” “Classist” “Classist” and expect him to let me stay – FOREVER?

THAT is exactly what you are saying WE, the people of this island, should do.

This country is going to hell in a handcart. If you want a vision of YOUR future, Tarquin and Jocasta, look at South Africa, look at the United States. The U.S. has been turned into a multi-racial hell on Earth, totally against the wishes of the majority, and will soon split along racial lines, with many states seceding from the Union. And strangely enough, I can already tell which states will be successful, nice places to live after the split – as I’M SURE YOU CAN TOO, ‘comrades’, can’t you. It will be the all WHITE states, won’t it! And you muppets KNOW it! You can’t seriously believe that after the States splits along racial lines, that an all black state is going to be putting a man on the moon, can you……

So go back up, rebut my points, and we’ll take it from there, ‘comrades’...

David Radford

By the way, my FIRST post on this page explained the facts about house buying choices… yet still not a single Leftwing fool has been able to rebut it. It’s still there. It isn’t going away. More and more people are finding out about it every day, and finally thinking “I was right all along – most people agree with me, yet the scum in the media think THEY alone should be allowed to dictate what is and isn’t the truth.”

So come on Lefties, please explain to us all why you aren’t trying to move to Haiti, or Zimbabwe, or South Africa – after all, you LOVE ‘diversity’, don’t you ‘comrades’?

Polite Police

Mr Radford,

As much as we are all enjoying your little racist prejudice rants, can you please consider the pros of sentences which do not include the word ‘comrade’. For one thing, it would make you look slightly less like a pathetic child throwing all of their ‘nazi’ ‘fascist’ toys out of the pram. It’s also not very nice and in the interest of polite and enlightening discussion that is obviously something you want to avoid.

I’m sure you didn’t realise your mistake and as such I will forgive you your little transgression.

Yours,

Comrade.

David Radford

Polite Police, well done. As usual, you haven’t rebutted a single thing I’ve said. Truly pathetic, but oh so typical of the Left.

This comment from the Times article was particularly amusing, due to its overwhelming ‘hand wringingness’:

“I’m proud of the UK’s place in the world as, potentially, the new babel. A place where people of all cultures, nationality and creed can live peacefully together. So, why is it that our media organisations mainly dwell upon the few flashpoints when there’s so much to celebrate…

Kevan, Nottingham, “United” Kingdom”

Yes, well done Kevan. Where are people living “peacefully together”, and who gave Kevan the right to IMPOSE this hell on Earth on an entire country? MOST people don’t want it, Kevan, which is why it has had to be FORCED on us.

House buying choices PROVE this...

David Radford

Here’s a very salient comment:

“This is the shape of things to come.

Most immigrants have no intention of integrating and will not be satisfied until this country is exactly the sort of place they and their parents were so keen to leave.

Dave, Salford, England”

How very true...

Perhaps some of the Lefties ‘COMRADES’ here can name me some of the places in this country which are now BETTER places to live, due to an influx of ‘enrichers’. And when you’ve named one (which you won’t be able to), you can show me facts which prove that whites are desperately trying to move INTO the area, thus reducing the ‘wonderful’ ‘enrichment’ which you claim MOST whites want!

Isn’t logic wonderful?
David Radford

Another case in point: California.
Look at California 50 years ago, when it was 99% WHITE. It was one of the best places in the world to live.

Now look at it.

WHAT CHANGED?

David Radford

Here’s another good comment from the Times article:

“Mr Torrance – your quote can be argued for either side. Maybe you’ll be happier if we just behave like Armenians who had their own country until gradually outnumbered in a multi-cultural paradise then slaughtered.

Who remembers the Armenians now?”

Exactly. And nobody will remember the whites who once made this planet, at least in parts, a decent place to live. There will be no history books, no computers, no internet, no television, no air travel, no cars, nothing -just a brown mass of unintelligent third worlders, all fighting over the remaining scraps of food and technology that WHITES created. Once non-whites reach a certain percentage of the population, we have HAD it.

Well done libtards.

David Radford

“In the Ottoman Empire, in accordance with the Muslim dhimmi system, Armenians, as Christians, were guaranteed limited freedoms (such as the right to worship), but were treated as second-class citizens. Christians and Jews were not considered equals to Muslims: testimony against Muslims by Christians and Jews was inadmissible in courts of law. They were forbidden to carry weapons or ride atop horses, their houses could not overlook those of Muslims, and their religious practices would have to defer to those of Muslims, in addition to various other legal limitations.[14] Violation of these statutes could result in punishments ranging from the levying of fines to execution.”

Still, I’m sure that the muslims in this country would never do such a thing, they’ve proved themselves to be the model of decorum and compassion over the past ten years, haven’t they, and they would never view non-muslims as lesser beings than themselves...

Chris Hopkins

Five without reply. Now that’s awkward...

Chris Northwood
Northwood – I reposted under the username ‘Censorship as usual’ because strangely enough, half of my posts had been deleted.

Actually, no - no posts had been deleted when I returned to my computer. There was just everything twice waiting in the moderation queue. I do actually have a life and don’t sit at the moderation console 24/7. I was actually at a birthday party. About half of them were not white! I’m sure you’ll be happy to know I had a lovely time.

Secondly- I have no way of knowing how much fraud occurred in the European elections – do YOU?

No, but the fact that the BNP got enough votes to win 2 seats would suggest to me that if any fraud occurred, they didn’t do a very good job of it.

And that is all moot anyway – because as I KEEP repeating – house buying choices, in all white countries, proves beyond any shadow of a doubt that MOST white people don’t agree with you.

At University, we get a lot of complaints about living in ghettos. Maybe us students should be next to be “voluntarily repatriated”, because good old working class white Brits don’t want to live in the same area as us?

How about this. In areas that have statistically below average number of non-whites (Barnsley springs to mind) were the areas that had the highest percentage of votes for the BNP, yet Bradford had no significant deviation from the regional average in votes for the BNP. Can you explain that? I’ve addressed the other point you keep rattling on about.

If MOST people WANT to mix with other races, why has it only started happening since 1950?

The opportunity has presented itself more? The availability of cheap international transport wasn’t really widespread until the post-war era.

Every objection you bring up, I address it.

You’ve actually missed quite a few.

Every objection I bring up, you ignore it.

Actually, that’s not true either, you just dismiss most of my comments.

I fail to see what religion has to do with anything. Religion transcends racial boundaries.

Pray, tell us all what your vision of the future for this country is. What is it going to be like in fifty years’ time? A 90% non-white population, preying on the remaining 10% of white people?

No, my vision is pretty much the same as it is now. Unlike you, I don’t hate this country.

You haven’t explained where all the gay couples are, either...

Where aren’t they? I know quite a few gay people in relationships.

I’m here debating you, yet you can’t refute a word I’ve said.

lol.

Might I suggest that before you adopt a political viewpoint, you look at the facts FIRST, then form your opinions, rather than the other way round.

I ask the same as you. Look at the facts, not the vile propaganda that’s being spoonfed to you.

The U.S. has been turned into a multi-racial hell on Earth, totally against the wishes of the majority, and will soon split along racial lines, with many states seceding from the Union.
I'm sorry. What?

>> Look at California 50 years ago, when it was 99% WHITE. It was one of the best places in the world to live. Now look at it. WHAT CHANGED?

Still an awesome place to live. I have plans to move over there and spend some time working in the Valley. Better than Doncaster (my home town) anyway!

My Grandad would be spinning his grave right now. He did not fight facism in the second World War just for people like you to vote them in.

George

“You failed to explain why the BNP website is the most popular of all the political parties, BY FAR. It’s no. 800 in the entire U.K. website list - how is that possible? It’s happening because people, in the safety of their own homes, reveal what they really feel.”

I’ve visited the BNP website about 3-4 times myself - that does not make me a supporter, as you seem to be implying. It makes perfect sense that people are curious about what extremist fringe parties have to say. That does not make them supporters. If so many people identified with the BNP, as you seem to think, then it would be receiving a significantly larger share of votes.

I’m sorry David, but your arguments are so ridiculously naive that clashing them feels like explaining what colour is blue. There’s really no point in debating with you, you are a lost cause.

As for my psychoanalysis – was it wrong? If so, please tell me what has been your greatest achievement so far.

Polite Police

Mr Radford,

Unfortunately you seem to have failed to comprehend my last comment. The general gist of it is that we would all much rather you stopped your outrageous fascist comments and, frankly, sit down and shut up.

Now of course I am oppressing you here. But I’m not the media, I’m the Polite Police, so who are you going to blame this one on? I find it hilarious that you accuse nice Mr Northwood of censoring you. For one thing, surely the next step in your disgusting racist regime is to burn books and imprison people more intelligent, better looking and with an inferior colour hair to you? Or no? Maybe that’s generalising too much?

Mr Northwood, by the way, has only stopped you inciting racial hatred, which is, I’m afraid, the law. I’m sure not even a horrible racist fascist like yourself would want to break the law now would they?

Finally as to your comment to me, I am neither left wing nor am i attempting to rebut you. It is purely my job to try and make you get some manners. A little please and thank you before you oppress the nation would be nice. As for my politics, I’m right wing. In fact I voted UKIP.

I’m sure it’s not your fault that you were born 80 years too late into a world where even Oswald Mosley’s grand children have given up. But please do feel free to shut up. Now.

Guten Nacht,

Comrade
"In case you hadn’t noticed (I have), for the past 50 years, this country (and every white country on Earth) has faced non-stop propaganda, telling white people that if they want to live in an all white country, they are EVIL."

I would guess it’s about the past 65 years, since a certain few individuals in Germany decided to kill millions of people that they felt were inferior. Oddly, people as a MAJORITY disagreed with this killing. Strange, if we’re as racist as you think we are.

“So you’re actually admitting that MOST white people simply don’t want non-whites in OUR countries. (As I have proved above).”

Yes, that’s exactly what I’m admitting. WAIT A MINUTE…. SORRY I GOT OUTWITTED BY THAT LOGIC MY MISTAKE.

No, and where the hell did you get that idea from? I said that racism causes further racial tensions and you think that means I said that black people should live abroad? And how the hell have you proved anything? You really have lost the plot.

“Cat got your tongue?”

No… I just generally can’t reply IN THE MIDDLE OF YOUR POST. That’s not how these comment threads work, you see.

“So come on Lefties, please explain to us all why you aren’t trying to move to Haiti, or Zimbabwe, or South Africa – after all, you LOVE ‘diversity’, don’t you ‘comrades’?”

No. I like living in the UK, especially in a city as great as York. Compared to many countries, we are tolerant and intelligent. I have been to other countries and am more than happy to go there again – because I love diversity and am happy to admit it. “Comrades” here is again used as a negative point, even though there’s no logic behind that since no comments made have been close to Marxist.

“somehow, against all the odds, those non-whites managed to buy the next house that came up for sale in an ‘enriched’ area. Isn’t that odd...”

You mean because they were the first people to put a bid in for the house? That’s kind of how housing works in a capitalist society. I would blame the capitalists for allowing non-whites to buy houses because they do what is best for profit. **Sarcasm: my point is that blaming marxists for everything you disagree with is as stupid as the reverse**

“You failed to explain why the BNP website is the most popular of all the political parties, BY FAR.”

Since the European Elections, I have visited only the BNP websites out of all party websites. Why? Because I know what each party stands for and simply go there to get quotes to throw at people like you. It’s fairly simple. Not many people are going to do that with the Lib Dem website, for instance, because they aren’t Holocaust deniers.

I could go on.

And I would point out that I only asked one question and it wasn’t answered: have you ever, David, been outside Europe? Just answer that one question.
“Over the past three years, an incredible 10,407 places at Yorkshire universities were offered to foreign students who were given visas but then disappeared without enrolling at any of the institutions, according to figures just released.

The shock statistics highlight how poorly enforced visa regulations are in Britain, as they are from one region alone. If they are, as observers suspect, replicated across all regions of this country, the true figure of illegal immigrants scamming their way into Britain using the student visa route could easily number in the hundreds of thousands. Almost all of the visas granted in Yorkshire were from outside the European Union.

Astonishingly, universities have not been obliged to report the non-appearance of foreign students to immigration authorities until very recently, so this invasion route has been used freely for many years.

Ten of the twelve colonisers recently arrested in an alleged terror plot on Merseyside had used student visas to enter Britain from Pakistan, a country which Gordon Brown described as being the originating place of two thirds of all terrorist plots in the UK.

Student visas are big business in Pakistan, with at least 4,000 officially registered businesses that process ‘student’ applications for Pakistanis hoping to ‘study’ in Britain.

Most of these companies are little more than one-room operations which use the student visa scheme as a cover for illegal immigration, according to a recent media report.

“Everyone knows it’s the easiest way to get a visa for the UK,” one Pakistani in Islamabad told a newspaper.

After the recent arrests in Merseyside, it transpired that the illegal immigrants detained in the anti-terror raids were registered ‘students’ with an institution called the ‘Manchester College of Professional Studies.’ So-called students were charged £50 for the letter of admission from that college which earned them a student visa.

Not too surprisingly, the men who were named as owners of the college were Fayaz Ali Khan and Asfandyar Bashir, Pakistani nationals who also came to Britain on ‘student’ visas.

According to the student visa application form, ‘students’ can also apply for ‘dependents’ to accompany the student. Quite apart from the fact that it is questionable whether bona fide ‘students’ would be likely to have dependents except in the most unusual of cases, the number of these ‘dependents’ appears to be unlimited.

According to the application form, a copy of which is in BNP News’s possession, dependents are classified as the “children, spouse, civil partner, unmarried or same-sex partner” of the main applicant. The form tells applicants that they will get a discount in their application fee for each child under the age of 18, but will have to pay £50 for each child over the age of 18.

This means that for each of the 10,407 missing ‘students’ in Yorkshire, there could be many times that number of ‘dependents’ of all ages who have entered on the back of the original applicant.”

I have to go to work, so can’t spend long (unlike the ‘asylum seekers’ who I have to work to pay taxes to support...)

but this bit was classic:

“My Grandad would be spinning his grave right now. He did not fight facism in the second World War just for people like you to vote them in.”
David Radford

Polite Police said:

“Unfortunately you seem to have failed to comprehend my last comment. The general gist of it is that we would all much rather you stopped your outrageous fascist comments and, frankly, sit down and shut up.”

I see you couldn’t address a single one of my factual points... just the usual “shut up” – from a totalitarian fascist...

“Mr Northwood, by the way, has only stopped you inciting racial hatred, which is, I’m afraid, the law. I’m sure not even a horrible racist fascist like yourself would want to break the law now would they?”

Who voted that law onto the books? Was it the MAJORITY of the people in this country? Of course not. Would YOU have ‘broken the law’ in Nazi Germany and rescued Jews from the Nazis? You idiot.

You can’t even bring up one fact to back up your insane, Marxist position. Truly pathetic.

David Radford

“I would guess it’s about the past 65 years, since a certain few individuals in Germany decided to kill millions of people that they felt were inferior.”

Oh, I see... so because the Germans tried to expel all the Jews who were ruining their country (heaven forbid anybody say anything against Jews, of course! We all know that a Jew’s life is worth a hundred gentiles’ lives, right?) we have to have EVERY white country on Earth invaded by the third world, so that we can never kick the Jews out again?

You haven’t got a clue what you are talking about. The Jews run the U.S.A., for example, and were behind the war on Iraq, and therefore responsible for the death of over a million Iraqis. They just murdered over 1,500 people in Palestine, including 300 children. But it’s okay, because they are ‘god’s chosen people’, and we mustn’t forget the ‘holocaust’, must we, because nobody else died during the two world wars, only Jews!

Everything that I have posted up here is true, factual, easy to verify, and the future of Europe that I predicted is also going to come to pass, so good luck to you in your ‘multicultural’ fantasy land. When the non-whites start burning your house down, I’m sure you’ll remember our conversations here...

I’m still waiting for any of you to explain house buying choices...

“At University, we get a lot of complaints about living in ghettos. Maybe us students should be next to be “voluntarily repatriated”, because good old working class white Brits don’t want to live in the same area as us?

How about this. In areas that have statistically below average number of non-whites (Barnsley springs to mind) were the areas that had the highest percentage of votes for the BNP, yet Bradford had no significant deviation from the regional average in votes for the BNP. Can you explain that? I’ve addressed the other point you keep rattling on about.”

This in no way negates the simple FACT that MOST white people choose NOT TO LIVE AROUND non-whites, the existence of concentrations of non-whites proves this beyond ANY doubt.
I see you STILL can’t rebut this fundamental point.

As for:

“yet Bradford had no significant deviation from the regional average in votes for the BNP. ”

Huh? Bradford has a huge muslim population who obviously hate the BNP. What are you suggesting? That after five years, an area with a majority non-white population is going to have LESS or the SAME number of non-whites, and therefore more of the remaining whites should be voting BNP?

I’ve got you all over a barrel on this: MOST white people disagree with you, and have been threatened into silence. How very ‘democratic’ of you, ‘comrades’…

David Radford

And in case you hadn’t noticed, I have posted up scores of factual points now, all of them backing up my position, and explaining my reasoning, and you have yet to rebut a single one...

Name me ONE ‘enriched’ area that is seeing a REDUCTION in the proportion of non-whites due to white people desperately moving INTO it, to live around the lovely non-whites you claim we ‘all’ love so much...

It’s as simple as that. No surveys needed, nobody’s opinion needs to asked, just simple observation of the FACTS.

David Radford

This is hilarious:

I said: “So come on Lefties, please explain to us all why you aren’t trying to move to Haiti, or Zimbabwe, or South Africa – after all, you LOVE ‘diversity’, don’t you ‘comrades’?”

Jason: “No. I like living in the UK, especially in a city as great as York. Compared to many countries, we are tolerant and intelligent.”

What – are you saying that the people of Haiti AREN’T “tolerant and intelligent”? You racist!!!

So WHY aren’t you moving to Haiti, to spend the REST of your life there, ‘comrade’ Jason? After all, you claim that LAND MASSES afford people their intelligence, apparently, because you claim that all races are ‘the same’, and therefore the ONLY thing that could explain the success of whites compared to blacks must be GEOGRAPHIC LOCATION - i.e. pieces of LAND make people intelligent or stupid!

“I have been to other countries and am more than happy to go there again – because I love diversity and am happy to admit it. ”

Sorry, what do you mean by “diversity”? Do you mean “non-whites”? I wonder why you don’t just say that, ‘comrade’? Something to hide? Is it because by “diversity” you mean “less white people”, ‘comrade’?

“‘Comrades” here is again used as a negative point, even though there’s no logic behind that since no comments made have been close to Marxist.”

No, but they are exactly the sort of comments that the people in Orwell’s 1984 were FORCED to say and pretend they believed in, ‘comrade’, and everybody was expected to call everybody else ‘comrade’, ‘comrade’...
I said: “somehow, against all the odds, those non-whites managed to buy the next house that came up for sale in an ‘enriched’ area. Isn’t that odd...”

Jason: “You mean because they were the first people to put a bid in for the house?”

You moron. You obviously don’t understand basic maths. In 1960, when non-whites were less than ONE PERCENT of the population, there were NINETY NINE TIMES as many white people. Understand? Therefore, when a random house went up for sale in ANY part of this country, there would have been at least fifty times as many potential WHITE buyers of it, as NON-WHITE, allowing for (allegedly) poorer non-whites. Do you understand odds? Betting odds? The CHANCES of a non-white buying a house in an area with, say, ten other non-white families in it, would have been FIFTY TO ONE if MOST white families were just as happy to live in that area, as non-whites were.

Which part of that can’t you understand, ‘comrade’? I realise it shatters all of your bullshit ideas, that we ‘all’ want this hell imposed on us, but tough, it’s reality.

You can’t even allow yourself to understand it, can you ‘comrade’, because it proves everything you believe in is wrong.

“That’s kind of how housing works in a capitalist society. I would blame the capitalists for allowing non-whites to buy houses because they do what is best for profit. **Sarcasm: my point is that blaming marxists for everything you disagree with is as stupid as the reverse**”

See? You have failed completely to explain how CONCENTRATIONS of non-whites form in ANY part of this country. Since they are, by definition, a MINORITY, it should be IMPOSSIBLE for their proportion in ANY area to INCREASE, IF most whites WANT to live with them.

Which part of that don’t you understand, ‘comrade’?

I said: “You failed to explain why the BNP website is the most popular of all the political parties, BY FAR.”

Jason: “Since the European Elections, I have visited only the BNP websites out of all party websites. Why? Because I know what each party stands for and simply go there to get quotes to throw at people like you. It’s fairly simple. Not many people are going to do that with the Lib Dem website, for instance, because they aren’t Holocaust deniers.”

Oh, that must be it then! The BNP is the most popular website of all the political parties because, according to you, MOST people don’t agree with them! That would be it! Unbelievable!

Funny how in all the surveys done over the past few years, the MAJORITY of people said there was too much immigration. Bear in mind that up to 50% of the people asked (depending on how ‘enriched’ the area was) could be immigrants themselves!

How do you explain this, ‘comrade’? I thought you believed that MOST of us actually WANT to become a minority in our own countries?

I see you STILL haven’t explained why the Libs, Labs and Cons aren’t each trying to outdo each other by promising that if they win the next election, they will allow in even MORE immigrants, since you (laughably) are claiming that MOST people WANT this? Why are the Lib Lab Con parties all talking about how they are going to REDUCE immigration, if MOST people WANT it?

Your bigotry is unbelievable.

Jason: “I could go on.
And I would point out that I only asked one question and it wasn’t answered: have you ever, David, been outside Europe? Just answer that one question.”

I did answer that question. I haven’t been outside the U.K. What is your point, exactly? Haven’t you heard
of television and the internet? You should try using it. You can find out all about the hell on earth that awaits us, once the non-whites become a majority... Haiti, Zimbabwe, South Africa, Rwanda, Somalia, what veritable paradises! But I forget – it’s the LAND MASSES themselves that caused all those people to ruin their countries, right ‘comrades’? As soon as a hundred million of them are living HERE, they’ll magically become just like us whites, right?

Anon

David Radford loves the caps lock key
And sounds like an idiot
People need to calm down

Jason Rose

“Me: have you ever, David, been outside Europe? Just answer that one question.

David: I did answer that question. I haven’t been outside the U.K."

Then shut the hell up. If your experience is based on the Daily Mail and not on actually going to other bloody countries then I suggest you actually go and have a look at what you’re talking about. Go to Istanbul, Paris and the rich areas of Rio de Janeiro - the three are similar in many ways and I find that astonishing. And yet Paris had riots on the fringes, Istanbul has a lot of poverty (especially in the Asian part of the city) and Rio de Janeiro is famous for its slums. What are the causes? Basically the gap between rich and poor – and if you look at black people compared to white people (to use the words that you are using) in the UK, you will see that those on the worse end of the scale are not the caucasian middle-classes. And if you look across each race, you will see that the poverty line shows a clear divide in the amount of crimes, too.

On the other point: using “comrades” because it was used in 1984 is absolutely hilarious: Orwell was a socialist attacking totalitarianism….. Which means that his comment of “comrades” is actually directed at organisations like the BNP. That is an epic fail on your part.

George

“Almost all of the visas granted in Yorkshire were from outside the European Union.”

David, you do realise that EU citizens do not need visas to move to Britain, right?

Honestly now, how can you expect people to take you seriously when you effectively precede your comments with the admission that ‘hey, I have neither the knowledge nor the wit to make this interesting, but fuck it, here goes anyway’.

George

Anon, I suggest you read his comments while imagining that every word in BLOCK LETTERS is being shouted TWICE AS LOUD. Makes the content even more hilarious.
David

David Radford is the most ridiculous human being I have ever come across. While I agree with the points that have been made countering his, to be honest it is obvious that George is right and that David Radford isn’t going to listen, change his opinion or do anything else other than post 4 or 5 further racist comments in a row, whinge that nobody is answering him when the oposite is true, call everyone “comrades” and “marxists” and use block capitals so much it becomes self-defeating and fails to add any emphasis.

Arguments against him are in any case unnecessary when he is doing an excellent job of showing the idiocy of his views on his own. Anyone who reads his paranoid ramblings about Jewish conspiracies, imminent civil war and the fear he has of anyone of a different skin colour or faith will view him with only pity or contempt.

The only thing I will add is that it’s particularly amusing that he pretends to have a job to go to when he’s clearly spent most of the last week posting repeatedly on the site of the student newspaper of a university he has no affiliation with. Then again, since he obviously can’t enjoy the company of anyone different to him or any of the television shows or films that feature people of ethnic minorities, religions he doesn’t like or homosexuals (more or less every show on British television) and presumably has to stay silent in public or be laughed off the streets or arrested, perhaps he doesn’t have much else to do with his life. Maybe pity is the most appropriate reaction.

Goodbye David Radford, I don’t hate you but I hope I never have the misfortune to meet someone as cretinous as you in person.

Getting bored of prophet Radford

‘You haven’t got a clue what you are talking about. The Jews run the U.S.A., for example, and were behind the war on Iraq, and therefore responsible for the death of over a million Iraqis.’

What the hell are you even talking about you absolute looney. I think you need to familiarise yourself with the definition of a ‘fact’. Caps lock, speculation, opinion, insults and right-wing propaganda falls outside the definition.

You are, however, very amusing sweetheart.

hmmmmm....

Can I just say, David Radford, that I’m from Bradford, lived there for 22 years, (your example of a place where one could go in order to learn hatred of immigrants), and so I am probably better placed to speak on this issue than you.

The problem with Bradford is not that there are black people, asians or any non-white people or non-British people, the problem with Bradford is that it is a former mill town, with a larger, better developed city within ten miles (Leeds) and a poorly developed infrastructure.

I have taken only positive things from living in a multi-ethnic neighbourhood- I am from one of the most deprived areas in the city, and share my street with people from Jamaica, Kashmir, Dominica, Ireland, and India. And I have found that WITHOUT EXCEPTION, these people the ones with jobs, who come out of their houses to say hello, bring cards on birthdays and Christmas, and who are the best neighbours. It is the
white people on my street who have arguments in public, play loud music, get drunk, whose children vandalise my garden and who I have been forced to call the police about on several occasions.

Your views on Islam are ridiculous; speak to any Muslim- any TRUE Muslim- and you will find that whilst there are extremists who give Islam a bad name, for everyone one of them, there are a thousand who are as disgusted by militant Islamic extremism as we are. And that’s from someone who went to a school that was 75% Islamic in primary, and 25% Islamic in secondary. Your references to the Qu’ran are ridiculous also- have you ever read it? I have a copy if you want one? Take a look at the Bible... a text every bit as brutal as the Qu’ran- I mean, do you read the Bible take that as read? Do you REALLY, as a white person, read the Bible and believe that it is then okay to go out and beat women who refuse to cover their heads in church?

I’m in no way suggesting that ALL Muslim people are good, tolerant people, just as I would never suggest that ALL Christians, all whites, all northerners, all Leftists or all Students are good people- you prove that- but equally, lets face facts. The things that have gone wrong with Britain have NOTHING to do with ethnicity, and everything to do with a flawed political system, a widening gap between the richest and the poorest in this country. Immigrants haven’t taken jobs away-outsourcing to find the cheapest sweatshop labour has done that, as has the British snobbery about taking on jobs they don’t want to do. Immigrants are not overloading the health system- white British alcoholics, smokers, obese people have managed that all by themselves. NHS problems are not migrant-related. They are poor management related. The education system is in tatters not because there are many languages spoken in our class rooms, but because the National Curriculum leaves no room for real teaching, and too much target hitting.

Lastly, get off the internet, out of your bloody arm chair and go see FIRST HAND what I’m talking about. When you have lived in Bradford, you can talk. When you have been to a Muslim country, then you can make judgements on Muslims. When you have read the Qu’ran, you can talk about Islam. Until then- pipe down. You’re making a fool of yourself.

Digusted!

David Radford- you make me sick! The fact that you believe the rubbish that you are coming out with is the most saddening thing. I feel sorry for you that you have convinced yourself that what you are saying is the truth and that we would be better off with the BNP in government!

You really are talking absolute rubbish, the housing market has nothing to do with the colour of somebodys skin. Try looking at sociological reasons for your arguments.... and while your in the sociology section you may want to look up Marx so you can use his ideas in arguments more accurately.

People like you poison peoples brains, now theres a FACT for you.

ANON

Thanks, “hmmmmm....” – very succinct :)

“...The Jews run ...were behind the war on Iraq, and therefore responsible for the death of over a million Iraqis.'... What the hell are you even talking about you absolute looney.”

In his defence, Wolfowitz was Jewish :P

Also, George, why not just only read the block caps words? It reads like this (with grammar inserted to separate points):

LOVE AREN’T WHY REST.
LAND MASSES ONLY GEOGRAPHIC LOCATION LAND FORCED.

ONE PERCENT NINETY NINE TIMES ANY WHITE NON-WHITE CHANCES FIFTY TO ONE MOST CONCENTRATIONS ANY MINORITY IMPOSSIBLE ANY INCREASE IF WANT BY FAR MOST MAJORITY.

MOST WANT STILL MORE MOST WANT REDUCE MOST WANT.

LAND MASSES HERE.

I enjoyed that.

Jonny F

Haha you’re all hilarious, fighting your petty little squabbles via keyboard. Bunch of idiots

David Radford

Hilarious. I haven’t left the U.K., therefore until I DO, apparently, I have to “shut the hell up”. Very cogently argued.

Who told you I don’t live in Bradford?

Please explain why there are areas which are almost 100% MUSLIM in Bradford. How did that come about? Why aren’t any of the white majority moving in there?

Everything you and I have written is irrelevant until you answer the ONE and ONLY question which matters: how is it possible for concentrations of non-whites to form in certain areas of majority white countries if MOST of the white population WANT to live around them?

Until you answer that (and none of you have been able to, how amusing), everything else is irrelevant, because from that single question comes the only thing that matters – what do MOST of the indigenous population of this country want?

I see that hmmm... is incapable of addressing anything I’ve written about the so-called ‘prophet’ Muhammad, and what he actually DID during his life. Why is that, hmmm...?

What sort of people worship a mass murdering, multiple rapist paedophile, and call him the ‘perfect man’? Do you have an answer to THAT question, any of you?

You are over a barrel, because you rather foolishly adopted your political opinions FIRST and only then started looking at the facts. When the facts clearly proved you wrong (as my two simple points above have), you obfuscate, seek to censor, vilify, anything but admit you are wrong.

"Your references to the Qu’ran are ridiculous also- have you ever read it?"

What do you mean by ‘ridiculous’? Are they untrue? Aren’t they what is IN the koran? (I love the way you spell it the ‘correct’ way, ‘comrade’...) Did you visit the http://www.prophetofdoom.net and read it? Of course not! You don’t bother reading things that disagree with your Marxist fantasy world, do you...

None of my simple points have been refuted. This whole page is full of them. All of the disadvantages caused by mass immigration, and not one of you could refute a single word of it.

Again I ask – if YOU love ‘diversity’ so much, why aren’t you moving to a non-white country to spend the rest of your life there, and what makes you think YOU have the right to totally destroy this country and
turn it into a third world hellhole?

I have a copy if you want one? Take a look at the Bible... a text every bit as brutal as the Qu’ran- I mean, do you read the Bible take that as read? Do you REALLY, as a white person, read the Bible and believe that it is then okay to go out and beat women who refuse to cover their heads in church?”

“Immigrants haven’t taken jobs away-outsourcing to find the cheapest sweatshop labour has done that, as has the British snobbery about taking on jobs they don’t want to do. Immigrants are not overloading the health system- white British alcoholics, smokers, obese people have managed that all by themselves.”

You Marxist twat... No, of course immigration has had no negative effects on this country whatsoever. Immigration only exists because of the capitalists you claim to despise, ‘comrade’, but you fell for their ‘you’re so caring if you love mass immigration’ line...

Immigrants ARE overloading the health system, or haven’t you been to a hospital or a doctor recently? How can you have an open border NHS? Heard of California? That proves beyond any doubt what happens when ten million third worlders flood a state and haven’t paid a penny in taxes, yet get the same health benefits as those who have lived there all their lives.

“When you have read the Qu’ran, you can talk about Islam. Until then- pipe down. You’re making a fool of yourself.”

I’ve read the Koran, idiot. Did you miss the excerpts I posted? I take it you’re a muslim then, since only a muslim could have anything positive to say about the pile of evil that is the ‘koran’. So tell me what you think about the so-called ‘prophet’ of Islam (death be upon him). Do you think he was a nice man, or one of the most evil men that lived?

Nice to see that you can’t stand free speech. I’m not making a fool of myself, but that is the only response you leftwing prats have.

My simple questions above are still there, for the whole country to see. They can see that you can’t answer them.

David Radford

David and George, more laughable psychoanalysis. Whole paragraphs of it. But no simple rebuttals to my incredibly simple, verifiable, factual statements...

Must suck being a leftie...

So tell us what your ‘vision’ of this country in 2050 is: 50% of the population are muslim, 70 – 80% are non-whites, I wonder what sort of wonderful life the remaining WHITE people will have.

Of course, as we all know the famous saying goes: “Special rights for minorities will end right about the time white people become a minority.”

Do you have any evidence to the contrary? I can just see the millions of muslims bending over backwards to give the remaining whites ‘special rights’, can’t you?

If mankind had originated in Europe, and blacks had lived here since the dawn of mankind, and whites had evolved out of blacks after moving to Africa, and Africa had always been white, and Europe had always been black, are you actually saying that the black ‘Europeans’ would have invented all the things our white ancestors did, and that the whites in Africa wouldn’t even have invented a wheel or a written language, not domesticated a single animal, until the ‘wise’ black men came over and showed them how?
What are the chances of all the races being the same, in terms of intelligence and temperament? What evidence do you have for this?

I have plenty of evidence for my assertion – which is that the races are different, and that whites invariably suffer when non-whites move into their countries/areas/cities. Do you have any evidence to the contrary?

MOST white people clearly do not want to live in Bradford with muslims – how else do you explain the concentration of muslims in certain areas? Why aren’t whites buying the houses that go up for sale in those areas?

(I won’t hold my breath waiting for an answer to that question, even though I’ve asked it over ten times... The one answer that I got was pathetic and Northwood didn’t even seem to understand the HUGE implications of what I am talking about... MOST of us don’t agree with you nutcases...)

David Radford

I’m still waiting for one of you to post up just TEN times as many murders committed by whites this year, as those committed by blacks. Since ‘we’re all the same’, and apparently blacks are no more likely to be criminals than whites, you shouldn’t have any problem.

But of course, you can’t. Which means you’re wrong, and you know you’re wrong. Blacks ARE more likely to be criminals than whites, so why on Earth would white people want MORE blacks living in OUR countries?

You also haven’t explained why you aren’t demanding that all the ‘racists’ in Africa allow in fifty million Indians every year, and all the ‘racists’ in India don’t allow in fifty million Africans every year. Why aren’t they ‘racist’ for not wanting to become an ethnic minority in THEIR OWN COUNTRIES? I’m not advocating that genocide, but YOU ARE...

Sam Asfahani

David Radford, please tell me you are not a student at our University and just some loser on our website. You are a disgrace.

A racist with factual arguments is bearable, but you take it to a different level.

As someone grew up 5 minutes from the Home Office in Croydon I lived amongst hundreds of ethnic minorities, some of which were in the this country seeking asylum (not illegally as you mention).

I do not blame them for the problems in our country which I love (yes I am an Arab, a British Arab who is proud to be living here in one of the most accepting countries in the world). I dont blame the government for their economic mistakes. Hell I dont blame oil, global warming, war, famine, hunger whatever.

I blame people like you. People like you who shun refugees fleeing from horror and strife to our country in the hope they can make a life for themselves as productive members of our society.

They dont take our jobs, they dont cause crime, they dont hate us. They and I know as my parents were refugees here, appreciate this wonderful opportunity they have in this country and work bloody hard to give back to the community.

They take jobs that “British Whites” as you call them, reject in favour of being on the doll.
You are pathetic, I comment on a lot of articles on Nouse but never get personal. But you are disgusting, and I'm glad that people have come out on this article and shown how real students feel about people like you.

I know you are not going to like what I have written, but it had to be said.

>> Who told you I don't live in Bradford?

You did. You apparently live in, or near, Aztec West, which I'm reliably informed is near the predominantly (88%) white Bristol.

I've addressed all your points. Of course, you say my answer is "pathetic" because it completely destroys your argument.

Posting the same argument over, and over again, even though it's been addressed *repeatedly* does not make your point any more valid, it just shows how much you're grasping at straws.

David, you're not welcome here.

hmmmmm....  
16 Jun '09 at 7:44 pm

Actually Radford, I'm not a Muslim, I am a white, working class woman, with no particular religious views, believe simply in the validity of all religions and that all religious roads lead to God, if anything, and although I am politically left of centre, I don't adhere particularly to any Communist or Marxist views (and you use the word Marxist an awful lot to describe people- are you aware of what Marxism actually is?)

The reason that there are areas where there is a non-white majority is economic. Unfortunately, very often migrants are forced to take the lowest paid jobs, regardless of their qualifications (and I have previously worked in recruitment before you start on about how do I know that) and as such do not have the choice to live in properties with higher rental prices. Areas such as Girlington and West Bowling in Bradford are two examples of areas where there is a lot of very cheap, poor quality housing, where people live because they can't afford anything better. Sadly, this means that immigrants are forced to take those houses, and yes as they progress up the pay scale, will later move out into other areas and be replaced by people who have newly moved to Britain. White people don't take those houses because they are either in higher level jobs and can afford better houses because they have better jobs, or are unemployed, on benefits and given council houses in predominantly white areas. White people may choose not to live in places like West Bowling not because there is a high proportion of ethnic minorities living there, but because these areas are inevitably areas of higher social deprivation. You go to one of these areas and you will find that the people there work bloody hard, scorn to take benefits, and are people I for one would be, and am proud, to call my neighbour.

Yes I've been to the doctor quite a lot recently, haven't been too well, and whilst the WHITE BRITISH doctor told me to go home and take some paracetemol, it was on a second visit to a MIGRANT NURSE who realised that I needed treatment. Yeah... they're definitely ruining the Health Service, these immigrants. Get a clue, eh?

For your information, I doubt I will remain in this country much longer, not because of migrants, but people, fascists, like you. I would rather live in the flithiest slum in Bombay than next door to you and people like you.
If you want to talk about the prophet Muhammed, let’s also talk about the Christian God who turned people into pillars of salt? Flooded the entire earth? Or Solomon who would have cut a baby in half? How about Paul’s letters to the Corinthians? Or the fact that the Virgin Mary was thirteen when she gave birth to Jesus Christ- now if that’s not a clear cut case of rape/paedophilia I don’t know what is!

Lastly, the ‘only pile of evil’ I have come across in print recently is not the QU’RAN but your words. You spew your venom without thinking what you are saying, and how you undermine your own arguments with your insults and name calling. There’s so much more I want to say to you, so many ways I want to show you that you’re wrong, but you bore me, and quite frankly, you don’t deserve my time any more. I could have continued on, if only you didn’t need to resort to name calling and idiotic, illogical arguments. I realise that I am speaking to someone without the intelligence to understand what they’re saying, much like a child who repeats swear words because the bigger kids have done it. And like dealing with a child, I won’t be drawn in, I’ll just let you have your tantrum, whilst we MARXIST grown ups get on with things. Like gettin an education so we can improve the country we love, for all the people in it.

I hope you open your eyes soon, and let go of your misdirected anger. I won’t hold my breath though.

Digusted!

Radford... I think you’ll find more black people are suspected than white people because of racist idiots like you. This in no way means they actually commit more crimes

“Again I ask – if YOU love ‘diversity’ so much, why aren’t you moving to a non-white country to spend the rest of your life there,”

That is pure idiocy!! and a pathetic argument. I dont plan to move out of England because I am proud of it and would be so much happier if facists like you disappeared off the face of this earth, you give us British people a bad name. Resorting to name calling like you did to hmmm just shows what a pathetic argument you have. I have no political agenda I am not religious, call me a Marxist I dont care... its sooo much better than being you and having your disgusting thoughts and beliefs.

Nouse- don’t you think you should remove such a vile person? I cannot put into words how angry this has got me, I know a debate can be healthy and entertaining but this has moved on. No facist should have a platform to spread their evil thoughts.

David Radford- The world would be a happier place without people like you.

Immigrants ARE overloading the health system, or haven’t you been to a hospital or a doctor recently?

The NHS is the largest employer of people from black and ethnic minorities

have you been to a hospital or a doctor recently?

This thread has declined into the ramblings of an out-of-touch deluded racist who is fine being brash and offensive on the internet but probably finds in the real world, when applying for jobs, when communicating with other people that the cat’s got his tounge. Just a plain old wind up merchant

Your posts are just the ramblings of an out of touch, deluded, fool. It’s all well and good being brash and offensive here but I bet in the real world when you apply for jobs, go out for a meal or interact with people from different background the cat has got your tongue. Just a plain old wind up merchant who claims the majority agree with his views whilst being shot down from all corners for his stupidity.

I would hardly call the Nouse commenting section a platform, especially as he’s getting so thoroughly slaughtered on here. The decision to allow these comments was a hard one to make, but one I stand by. If we censor fascists the only place they can air their views is their official propaganda, which is toned down to “acceptable” limits, and our arguments against them appear unfounded. If we engage in direct debate with them, we dismiss any claims they have that they’re “being persecuted against” and any martyrdom they may claim.

David Radford

“You did. You apparently live in, or near, Aztec West, which I’m reliably informed is near the predominantly (88%) white Bristol.”

Who told HIM that I don’t live in Bradford, not you, Northwood…

“I’ve addressed all your points.”

Oh, silly me, I must have missed that! Can you show me where you addressed all of my points? I’ve made about twenty different arguments on here, explaining and proving why MOST of the white population don’t want ‘multiculturalism’ imposed on us – FORCED on us. You have only responded to one or two points, and failed to rebut them...

“Of course, you say my answer is “pathetic” because it completely destroys your argument.”

What answer? What have you answered? How typical of the Left. “We’ve already addressed your points” they repeat, with no sign of those replies anywhere on this page...

“Posting the same argument over, and over again, even though it’s been addressed *repeatedly* does not make your point any more valid, it just shows how much you’re grasping at straws.”

Where has it been “addressed repeatedly”? Me grasping at straws? That’s a laugh, Northwood...
“David, you’re not welcome here.”

According to who? You?

Oh, I forget - you can’t defend your insane political position in a fair debate...

Go back through my posts and answer my simple questions. Don’t blame me for posting some points over and over – none of you leftie fools have answered them yet. And I can’t let you get away with your usual “we’ve already addressed them” lie.

Here’s one for a start:
explain how concentrations of non-whites form in areas of majority white countries if MOST of the white population WANT to live around them.

There you go. A nice SIMPLE, one sentence question, upon which EVERYTHING rests.

Answer it. I’ve got all day. This question isn’t going away. More and more white people are hearing about it and working out for themselves, what most of us have been terrorised into denying for all our lives...

I’m still waiting for one of you Lefties to address the monstrous atrocities that the ‘prophet’ of Islam committed throughout his lifetime, all documented by muslims, I may add, for over 1,400 years, who saw no reason to hide his crimes from the world... because, of course, they think of him as ‘the perfect man’. I’d had to think what they regard as an ‘imperfect’ man...

Jason Rose

Can we steer clear of overly-criticising EVERY religion? :P

I’ve decided to turn this thread into a drinking game; every time David says “comrade”, “psychoanalysis”, “Marxist” or uses ‘inverted commas’. I’m expecting to get very drunk every night for a week or two.

Other than that, I’ve lost the will to carry on debating with someone who can’t see the irony in the fact that Japan has a higher average IQ than the UK and yet is ‘intellectually inferior’.

David Radford

“Nouse- don’t you think you should remove such a vile person? I cannot put into words how angry this has got me, I know a debate can be healthy and entertaining but this has moved on. No fascist should have a platform to spread their evil thoughts.”

Hilarious. Yes! Let’s fight what we Lefties call ‘fascism’ (which means anybody disagreeing with our insane political views) with fascism! Totalitarianism! No debate allowed! No dissent allowed!

You idiot.

“and for the record i’m a white british male so your outnumbered here as well as in the real world”

Hilarious. That would explain house buying choices among white people then...

“whilst being shot down from all corners for his stupidity.”

Not a single point I’ve written has been refuted by any of you...

This is like shooting fish in a barrel...
“Radford... I think you’ll find more black people are suspected than white people because of racist idiots like you. This in no way means they actually commit more crimes”

Go to www.dot.usdoj.dot.gov
Then type in the search box:
“Personal crimes of violence 2005 table 42”
then view the PDF file cv0542.pdf
then look at the fourth set of results:
“Rape/Sexual assault”.
See where it says “Black only”? (Those are the VICTIMS’ races) Look across to
“Perceived race of offender” - under WHITE it says ZERO.
Which means NO WHITES raped any BLACKS in 2005.
Now look at where it says “White only” (those are the VICTIMS’ races) – look across to “Perceived race of offender” - under BLACK it says 33.6%, and under OTHER (non-whites, in other words), it says 19.6%.
Which means that
In 2005, there were
37,460 white women raped by BLACK MEN,
21,852 white women raped by other NON-WHITE MEN.

That’s in the U.S.A. I’m sure the blacks over here are completely different.
Remember Rwanda? Mass murder, with machetes, committed by tens of thousands of Rwandans, against
their neighbours. I bet they’re all really nice people, right!

So you’re saying that blacks don’t commit more crime, but are SUSPECTED of committing more crimes,
because of ‘racists’ like myself. So when they go to court, their briefs ignore all the facts which prove they
are innocent, do they, and the prosecutor just makes up evidence? Have you any proof of this? Something
like 95% of muggings in London were committed by blacks, according to one of the police chiefs several
years ago, remember when he said that? What was the response of blacks? “Racist, racist, racist”... Not
“We’d better do something about this.”

Please explain to me why every black country on Earth is an abysmal failure. I’ve got all day. Could it
possibly have anything to do with the PEOPLE who live there, or is the magic of the ‘land mass’, which is
just stopping blacks in Haiti from achieving their true potential?

hmmmmm....

errrr try reading my post, which

a) tells you that Im a woman
b) answers your question.

Chris Northwood

>> Oh, silly me, I must have missed that! Can you show me where you addressed all of my points?

Yeah, how silly of you to miss that. Read all of my responses to your comments.

>> According to who? You?

And everyone else who’s responding to your comments on this thread.
Go back through my posts and read my simple counterexample to your simple question, and also “hmmmm” above, who addresses it considerably more comprehensively.

Answer it. I've got all day. This question isn't going away.

Neither’s the answer given above. No matter how much you want to ignore it.

I'm still waiting for one of you Lefties to address the monstrous atrocities that the ‘prophet’ of Islam committed throughout his lifetime.

How is religion even relevant to this argument? Get rid of the strawman.

I'm also loving how you’re disregarding the evidence I posted given by the UK Police in favour of American reports!

David Radford

“Actually Radford, I'm not a Muslim, I am a white, working class woman, with no particular religious views, believe simply in the validity of all religions and that all religious roads lead to God,”

So you are able to comment on this, I presume:

“The five oldest and most trusted Islamic sources don’t portray Muhammad as a great and godly man. They reveal that he was a thief, liar, assassin, mass murderer, terrorist, warmonger, and an unrestrained sexual pervert engaged in pedophilia, incest, and rape. He authorized deception, assassinations, torture, slavery, and genocide. He was a pirate, not a prophet.”

and this:
http://www.prophetofdoom.net

and this:
http://www.jihadwatch.org

Any comments? Is that a ‘religion’, or is it a fascist cult?

What is the penalty for leaving Islam?

What was the penalty for not JOINING Islam, when its ‘prophet’ was alive?

“The reason that there are areas where there is a non-white majority is economic. Unfortunately, very often migrants are forced to take the lowest paid jobs, regardless of their qualifications (and I have previously worked in recruitment before you start on about how do I know that) and as such do not have the choice to live in properties with higher rental prices.”

Hilarious. So you’re saying that MOST employers don’t employ non-whites in jobs they should be doing (due to their qualifications) because they are RACIST, right? I presume you have no other reason for employers not choosing non-whites but choosing whites, correct?

Since you are claiming that this affects the MAJORITY of non-whites (correct me if I’m wrong) then you are saying that MOST employers, interviewers, etc. are ‘racist’ and prefer to employ their own race, correct?

Since we therefore live in a democracy, doesn’t that show you that MOST white people prefer to be around their own people, to the extent of not employing qualified non-white staff?

Or is that only ‘racists’ end up getting jobs as interviewers and owners of businesses...
Let’s continue:

“Areas such as Girlington and West Bowling in Bradford are two examples of areas where there is a lot of very cheap, poor quality housing, where people live because they can’t afford anything better. Sadly, this means that immigrants are forced to take those houses.”

Why? Aren’t there any poor WHITE people? You have failed completely to explain how an area that STARTS as a 100% white area, ends up becoming 95% non-white. You failed to explain the crux of my entire argument: there have always been tens of times as many potential white buyers for ANY house in this country, which goes up for sale. Your explanation above doesn’t explain why WHITES are not buying those houses, does it? There are millions of poor white people in this country, in case you hadn’t noticed...

“and yes as they progress up the pay scale, will later move out into other areas and be replaced by people who have newly moved to Britain.”

WHY are they “replaced by people who have newly moved to Britain” and not the whites who outnumber them?

(I love your Newspeak phrase “people who have newly moved to Britain” – NuLabour could adopt that instead of the maligned word “immigrant”, rather like the incredibly hard to say “men who have sex with men” instead of ‘gay’. I can just see a group of working class men in a club saying “I’m not moving to bloody Girlington, it’s full of “people who have newly moved to Britain”. And white ‘racists’ shouting at non-whites “Why don’t you go back where you came from, you black “person who has newly moved to Britain!!!”

So think about it again. You haven’t explained the basic point I made...

“White people don’t take those houses because they are either in higher level jobs and can afford better houses because they have better jobs, or are unemployed, on benefits and given council houses in predominantly white areas.”

So there aren’t any white people who aren’t unemployed, but AREN’T in “higher level jobs”? Funny that, the last time I looked, there were plenty of white people doing normal jobs and being paid normal and less than average wages...
So, wrong again. And why are the unemployed whites given council houses “in predominantly white areas”?

“White people may choose not to live in places like West Bowling not because there is a high proportion of ethnic minorities living there, but because these areas are inevitably areas of higher social deprivation.”

Which, of course, has nothing to do with the ETHNIC MINORITIES (don’t you mean “people who have newly moved to Britain”?). No, how could it.

So, please try again. I’ve explained the parts you missed, I’ve explained why it doesn’t explain concentrations of non-whites forming.

You may love living in a ‘multicultural’ society, and I’m all for personal freedom. If YOU want to live with people from other countries, go and do it somewhere else, don’t force your insane experiment on the rest of us, who clearly do not want it.

David Radford 16 Jun ’09 at 10:45 pm

And then we have the CLASSIC anecdotal case, which apparently proves the Lefties’ point:

“Yes I’ve been to the doctor quite a lot recently, haven’t been too well, and whilst the WHITE BRITISH
doctor told me to go home and take some paracetemol, it was on a second visit to a MIGRANT NURSE who realised that I needed treatment. Yeah… they’re definitely ruining the Health Service, these immigrants. Get a clue, eh?”

Whereas if I had said that the other day a black man walked out in front of my car for no reason (other than bloody mindedness) so I had to brake sharply, you would say “They aren’t ALL like that.”

Your laughable example means nothing. Next you’ll be telling me “If all the immigrants were sent home, the NHS would COLLAPSE.”

Hilarious. So we didn’t have an NHS in 1950 then? We didn’t get through two world wars, presumably, because we didn’t have millions of invaders – sorry – ‘immigrants’, living here then, is that your argument? I must have misread my history books.

The last time I looked, this country was doing just fine in 1900. How did it cope, without all the ‘benefits’ of ‘diversity’, ‘comrades’?

Yes, yes, I know, you can’t answer that, just like you can’t answer anything else I’ve written. Truly pathetic.

“For your information, I doubt I will remain in this country much longer, not because of migrants, but people, fascists, like you. I would rather live in the filthiest slum in Bombay than next door to you and people like you.”

Oh, the humanity! Please don’t go! What exactly is your point? You haven’t even read the Koran and you call ME a fascist. I don’t treat women like dirt. I don’t force women to wear a mask to cover their face. I don’t think that gays should be killed for being gay. I don’t think that animals should have their throats cut and be bled to death ‘because God said so’. I don’t think that babies should be tied down and have their penises sexually mutilated by a professional paedophile, ‘because God said so’, so who’s the fascist now? I don’t worship a mass murdering, multiple rapist paedophile and call him ‘the perfect man’.

The next bit is hilarious:

“If you want to talk about the prophet Muhammed, let’s also talk about the Christian God who turned people into pillars of salt?”

That wasn’t the ‘Christian’ God, that’s Old Testament, number one. Number two, obviously it’s bullshit. Number three, it wasn’t done by Jesus, was it… Truly pathetic.

“Flooded the entire earth? Or Solomon who would have cut a baby in half? How about Paul’s letters to the Corinthians?”

Did Jesus do any of those things?

“Or the fact that the Virgin Mary was thirteen when she gave birth to Jesus Christ- now if that’s not a clear cut case of rape/paedophilia I don’t know what is!”

Nice try, truly pathetic. Which of those things did JESUS do?

When did JESUS go out with a group of bandits and attack Jewish caravans, and butcher the men, then rape the women in front of their dead fathers and brothers? Did Jesus do that? Do Christians think that is the ‘perfect’ way to behave?

You are truly pathetic. You can’t face the pure evil that is Islam, despite the facts that are clear for all to see, and which muslims have found no reason to hide from the rest of humanity for 1,400 years. So you cling to anything you can to make out that Christianity is as evil as Islam is. Nice try, but no cigar.

The Golden Rule doesn’t exist in Islam. “Do unto others as you would have them do unto you.” That exists in Buddhism, Sikhism, you name it – most religions, except for Islam. Islam is a licence for criminals to do
whatever they want, because it's all okay, 'god' said so.

What did muslims do to the Sikh gurus? Do you know? Of course not. You come from a position of ignorance and pretend you know what you are talking about.

http://www.jihadwatch.org

Is that up to date enough for you?

Why isn’t there a similar site for Christians, showing the same number of disgusting murders and terrorist attacks?

Hmmm.....

And then we have the usual entire paragraph of pathetic psychoanalysis... why didn’t you use your typing time to actually ANSWER some more of my points? Because you CAN’T, that’s why... which is why you’re a leftie daydreamer...

“Lastly, the ‘only pile of evil’ I have come across in print recently is not the QU’RAN but your words. “Aqsa Parvez was sixteen years old; her father, Muhammad Parvez, has been charged with strangling her to death because she refused to wear the hijab.”

I’m sure it must have been a one off. After all, the very term ‘honour killing’ doesn’t apply to muslims, does it. No, of course not.

“In a sadly typical consequence of this early last year, a Jordanian man who murdered his sister because he thought she had a lover was given a three-month sentence, which was suspended for time served, allowing him to walk free. The Yemen Times just last week published an article insisting that violence against women is necessary for the stability of the family and the society, and invoking Islam to support this view.”

http://www.crimestoppers-uk.org/wanted/

Look at those nice, English names... (sarcasm)

Good luck in Bombay! I’m sure you’ll love it over there!

David Radford

Digusted (sic) said “I dont plan to move out of England because I am proud of it and would be so much happier if facists like you disappeared off the face of this earth, you give us British people a bad name.”

No, you liar, you don’t plan to move out of England to HAITI, ZIMBABWE or SOUTH AFRICA because you know those countries are hell on Earth. Especially for white people. Why is that? Is it the magic LAND MASSES? Or is it the people?
What happened in Zimbabwe over the past ten years?
Let me see… Zimbabwe was known as the ‘breadbasket of Africa’ when the white farmers were running the farms. Black Zimbabweans were employed on the farms as labourers, (not as slaves, I hasten to add), and there was more than enough food for ALL of Zimbabwe, and spare food left to sell to other African countries.

Then Mugabe took over and decided that the ‘evil’ white farmers should be thrown off the land, so the black Zimbabweans took the land back, murdering hundreds of white farmers and their families in the process.

The blacks didn’t know how to farm the land, and now, quite simply, they are starving to death.

Yet another African success story!

Can you show me what part of the above I got wrong? Don’t tell me- it’s somehow whitey’s fault!

David Radford

Here’s my first post, since none of you have been able to answer it. Don’t worry about the fifty or so other points I’ve made, which you can’t refute, just answer this ONE simple question…

MOST white people want to live in an all white country (as we have done for over 10,000 years). I can prove it unequivocally, without even asking any of them their opinions, by using scientific facts, otherwise known as ‘Revealed Preference’.

In the 1950s, when the first black families came over here to live, they moved into certain areas. Those areas rapidly became ‘ghettos’ and experienced an increase in non-whites, and a decrease in whites. As soon as a house went up for sale in one of those areas, in the 1960s and 1970s, there would have been at least twenty times as many potential WHITE buyers as non-white. Yet somehow, those areas became more and more non-white. The ONLY scientific explanation for this is if the vast majority of potential white buyers did not want to live around non-whites. This is a hypothesis which is proved correct by the actions of literally MILLIONS of white house buyers, over the past fifty years. It cannot be refuted, or argued against. It is the ONLY explanation.

So the next time a leftie tries to tell you that ‘most’ white people just love ‘diversity’ and ‘multiculturalism’, ask them about them house buying choices...

Chris Northwood

>> Here’s my first post, since none of you have been able to answer it.

Still running round with your fingers in your ears screaming “nah nah nah can’t hear you”? That point has been answered comprehensively by “hmmmmmm....” who has proposed a credible alternative to your insane theory.

Also everyone can see through your strawman defence. Got no more credible alternatives to justify your racism, you’re falling back on religion? Newsflash, religion and race are different things!

David Radford

And the final crux of the matter is: those who are coming here from THEIR countries get to KEEP their countries. A Somalian who comes here doesn’t have to worry about Somalia being taken over by
Germans, French, or British people, do they? No, in fifty years’ time, Somalia will still be full of Somalians.

But of course we ‘evil’ whites aren’t allowed to keep OUR country, are we?

None of us are. Not French people (meaning white French people), not German people (ditto), not Australians (ditto), not a single white country is allowed to stay all white.

I wonder why? I wonder who could possibly benefit from it? Obviously it isn’t DEMOCRATIC, is it. We were never asked. We were never allowed to vote on the most fundamental aspect of OUR lives – which is – do we want to become an ethnic minority in our OWN countries, and lose everything that made this country a great place to live?

Any explanation?

David Radford

“who has proposed a credible alternative to your insane theory.”

Really? Can you be so kind, Northwood, as to post it up for me? I must have missed it.

My theory is “insane”, is it.
Yet I hear every day of how much ‘racism’ non-whites face. How hard it is living among us ‘racist’ whites, because obviously MOST of us are apparently ‘racist’ (i.e. prefer living around our own people.)

I wonder why they had to bring in laws to FORCE landlords to rent to non-whites. After all, if MOST landlords WANTED to rent to non-whites, then the few ‘racist’ landlords who DIDN’T, would simply be losing money, and market forces would prevail. But of course – the undemocratic government of the time knew full well that MOST people didn’t want non-whites moving into their properties, because the value would go down, (as would the value of the neighbours’ houses, who would no doubt be unhappy with the landlord), so the government had to FORCE the majority to comply with something they didn’t agree with. How ‘democratic’.

How many more examples do you want, Northwood?

You have still failed, all of you, to explain house buying choices.

Chris Northwood

No, I’ve given you a link to it at least twice now, I’m not doing it again.

David Radford

So what is this country going to be like in 2050 then, Lefties?

A veritable paradise, with all the different races and religions getting on swimmingly, no doubt, and a fantastic economy, what with all those “people doing jobs the British won’t do”, I can’t imagine there would be any British left who HAD to work! It will be wonderful to be white then, won’t it. I’m sure the non-whites will have special ‘rights’ for whites, won’t they, meaning that if a black man even says the word ‘cracker’ in front of me, while at work, I can get him sacked from his job and ruin his life. Even if he was talking about a cream cracker. Because he wouldn’t want to be ‘racist’, would he.

I’m sure the economy will be at its peak, with all those throbbing black intellects, and the open minded
inventiveness that Islam is so well known for! We’ll have a man on the moon before 2051, I can see it now.
I mean, just look at the success story that is Africa.

So come on Northwood. Explain. Why is Africa a third world hellhole full of starvation, disease, and war. Why have Africans never produced anything of any value in their entire history? Why would we whites want millions of them in OUR country? Go on, try to SELL me your Marxist utopia. What do WE get out of it?

“There followed decades of policies aimed at promoting integration, such as the largely failed experiment of “bussing” pupils long distances. Yet countless studies now show that schools, and neighbourhoods, are getting more segregated, not less.

So what went wrong? There are many factors, but the main one is so-called white flight, one of the most pervasive determinants of human geography in the US. During the 1950s and 60s American whites moved from the city centres to the affluent suburbs, leaving black ghettos behind them. The Supreme Court has many powers, but it cannot tell people where to live.

Could the same be happening in Britain? You are unlikely to hear the phrase “white flight” pass a politician’s lips, but that doesn’t mean it isn’t happening.

As the political parties limber up for the local and European elections next month, immigration is near the top of the agenda. There is concern that the openly racist British National Party will make huge gains, particularly by targeting what it describes as the “white flight” zones around Britain’s cities.”

Which just goes to back up what I’ve already said – but my argument doesn’t even need talk of ‘white flight’ – the very existence of concentrations of non-whites in areas of a majority white country proves that MOST whites do not want to live around them.

Refute it. I’m STILL waiting, ‘comrades’. Surely your combined brain power can come up with a good answer.

Try asking Trevor Phillips. He’s fond of telling us whites how ‘racist’ we are for not wanting to live around his brethren...

Langwith

I agree with the aforementioned with regards to UKIP and how strange it was to hear them mentioned. It damages the creditability of this protest.

UKIP were founded by an academic who abhorred racism. Yes, they do wish to see a reduction in immigration but that is not racist. Nigel Farage is happy to accept that immigration is good for this country.

I’m not a UKIP supporter in the slightest but was alarmed to hear those comments coming from the protest’s organiser as it undermines the entire protest.

UKIP polled nearly 3million votes and were the country’s second biggest party which also undermines his PR comments. A higher turnout would simply have meant more UKIP votes, to be honest. They were attracting a huge protest vote this time around and would have done from the apathetic too. This further undermines the comments made by the organiser.

The British National Party are a different kettle of fish completely and comparisons between the two are...
ridiculous. Every democratic effort must be made to elect other parties besides the BNP.

David Radford

Just to prove my point – this is what that article goes on to say:

“London, Birmingham, Blackburn and Leicester all have wards where whites make up less than 20 per cent of the population. In Southall Broadway, West London, just 11.9 per cent of the population is white. It is simply implausible that whites would have become such small minorities if they hadn’t either left the area, or avoided moving there in the first place.”

Case closed. You lose.

“It is simply implausible that whites would have become such small minorities if they hadn’t either left the area, or avoided moving there in the first place.”

That applies to EVERY majority non-white area in this country. Or even 20% non-white. Or any figure that is higher than the total percentage of non-whites in the country as a whole.

David Radford

“No, I’ve given you a link to it at least twice now, I’m not doing it again.”

Where? This is hilarious. Where is the link? Twice? I didn’t see it even once.

Poor little ‘comrade’ Northwood... reality is proving you wrong... your Marxist fantasy is coming to an end... what’s a socialist worker to do...

“It is simply implausible that whites would have become such small minorities if they hadn’t either left the area, or avoided moving there in the first place.”

David Radford

“A study commissioned by the Office of the Deputy Prime Minister and called Development of a Migration Model found that the more ethnic minorities there were in an area, the more likely people were to move out. It concluded: “The higher proportion of out-migration from places with the greater presence of non-white people conforms to the much reported push factor as white flight.”

Hilarious...

Chris Northwood

>> Why have Africans never produced anything of any value in their entire history?

Diamonds. Also, lots of vegetables I bought from Morrisons were from Kenya.

>> As the political parties limber up for the local and European elections next month

Next month? They were weeks ago. You’ve well and truly lost it.
tbh, if you’re not even bothering to read my comments, I don’t know why it’s even worth trying to discuss it with you.

David Radford

“Diamonds. Also, lots of vegetables I bought from Morrisons were from Kenya.”

How about straws? Because you’re obviously clutching at them...
Nobody PRODUCES diamonds, they MINE them.

I was more thinking along the lines of things like internal combustion engines, the transistor, the computer, television, radio, telephone, aeroplanes, medicine, you know, little things like that.

Why hasn’t Africa produced any of those things? Pure chance, I suppose...

“As the political parties limber up for the local and European elections next month”

Where did you find that? How far up the page?

Oh, I SEE. You couldn’t address my PROOF that I was right, ‘comrade’...
Here it is again, do try harder...

“IT IS SIMPLY IMPLAUSIBLE THAT WHITES WOULD HAVE BECOME SUCH SMALL MINORITIES IF THEY HADN’T EITHER LEFT THE AREA, OR AVOIDED MOVING THERE IN THE FIRST PLACE.”

“THE MORE ETHNIC MINORITIES THERE WERE IN AN AREA, THE MORE LIKELY PEOPLE WERE TO MOVE OUT.”

Owned.

David Radford

“A study by Bristol University found that when parents had choice, they usually wanted to educate their children with other children of the same race. The result was that many schools, particularly in inner cities, were becoming monoracial.”

Typical Stalinist censorship...

“A study by Bristol University found that when parents had choice, they usually wanted to educate their children with other children of the same race. The result was that many schools, particularly in inner cities, were becoming monoracial.”

The housing market also plays a role, not least because, as one study found, estate agents tend to shepherd different races into different areas. In some parts of northern cities, such as Bradford, fear of white flight has become a self-fulfilling prophecy. The arrival of ethnic minorities in a white area is associated with falling house prices, so the residents rush for the exit before they lose too much money,
spark the very house price fall they worried about.”

Hilarious. So why do house prices fall in the first place? They can only fall because of a fall in DEMAND – i.e. less people want to live there - and less people want to live there because of the ‘enrichers’. End of story.

Is that enough evidence for you, ‘comrade’ Northwood? Better go and shove it all down the Memory Hole, mustn’t we, ‘comrade’, we can’t have the proles seeing the big gaping hole in your fascist politics...

Don’t worry ‘comrade’, soon there will be so many non-whites here that we won’t be able to vote them out even if we ALL wanted to.

But by then the country will have split into umpteen different parts, some safe for whites, most unsafe, and the civil war will be in full swing. Well done you cretinous, arrogant fools...

Typical Stalinist censorship...

I QUOTED: “>> As the political parties limber up for the local and European elections next month”

Northwood replied: “Next month? They were weeks ago. You’ve well and truly lost it.”

It was a QUOTE from the article, numpty...

Then we had your pathetic ‘let out’ clause after that...

Oh well, what will you do now, when reality isn’t on your side? You could always become a muslim – they like insisting that what isn’t real IS real, and threatening people who disagree with them... just like the Lefties...

Chris Northwood

>> Where did you find that? How far up the page?

In the comment you made 25 minutes ago. Do you not even know what you’re writing?

>> They can only fall because of a fall in DEMAND – i.e. less people want to live there

Heh. I’m not an economist, but even I know the economy is a lot more complex than a simple supply/demand trade-off!

So no, that’s not enough evidence for me.

D-. Must try harder.

Chris Northwood

>> Northwood replied: “Next month? They were weeks ago. You’ve well and truly lost it.” It was a QUOTE from the article, numpty...

Well excuse me for your ignorance. Helpful English lesson, quotes are typically wrapped with quotation marks (two little upside down commas together). Try using them next time.
Typical Stalinist censorship...

This should please you leftie fascists:

I wonder who could possibly be behind this? Surely not a bunch of globalist scumbags who can’t allow any
dissent? Sounds mighty like their army of ‘useful idiots’ here...

Typical Stalinist censorship...

MY ignorance? Nice let out Northwood, I see you can’t address what was IN THE ARTICLE...

By the way, go up and read it again... the quote is contained within quotation marks...

Or did you imagine that the journalist’s writing was actually MINE? Praise indeed!

Now, have you anything to say about the actual CONTENT which proves you WRONG and proves me
RIGHT?

Typical Stalinist censorship...

And can you tell me why you blocked my IP address, ‘comrade’?

Perhaps you could get a job with the German (Jewish) government! Censoring all those ‘bad thoughts’,
right ‘comrade’ Northwood!

Chris Northwood

Don’t talk about things you don’t know about.

1. Australia already have similar laws in place
2. I oppose them. I support free speech. Why do you think I’ve allowed your comments to appear on this
site? Despite your impatience with the moderation queue, none of your posts have been censored.

>> By the way, go up and read it again... the quote is contained within quotation marks...

Once again, go and learn some standard style. Style dictates each paragraph in a quote starts in a new quotation mark.

" Or how about you even use the blockquote tag, that’s who it’s made for!
"

>> And can you tell me why you blocked my IP address, ‘comrade’?

I haven’t. You’re an idiot.

Typical Stalinist censorship...

This should interest you as well, Northwood, before the government bans it:

Careful, ‘comrade’, you might start thinking ‘politically incorrect’ thoughts if you watch them...

‘Comrade’ Northwood, why haven’t you been able to address the Times article? Wasn’t that sufficient evidence for you?

Any comments? I’m sure you and your leftwing friends have plenty of rebuttals to it. I’ll be waiting...

Digusted!

Fair point Chris- I just worry some other idiot will read this insane comments and agree with them!

And Radford- Dont call me a liar, you dont know me or anything about me, what I said about not wanting to leave England is the truth- purely because I am proud of it.

Maybe you should keep going over hhhmmm’s comments and maybe youl finally be able to get some sense into that empty head of yours.

Chris Northwood

>> ‘Comrade’ Northwood, why haven’t you been able to address the Times article?

Because I haven’t had time to fucking read it. The speed with which you’re copying and pasting your propaganda into this comment box and me keeping on top of the moderation queue is keeping me busy.

How about this for a change: you go back to your white supremacist friends and have a big old pat on
your back and a jolly well done, because in your mind, you’ve won this argument over those “evil capitalist Marxists”

Typical Stalinist censorship...

Nice let out, Northwood. Are you that stupid? You’re saying you can’t READ as fast as I can TYPE?

“The Jewish people as a whole will be its own Messiah. It will attain world domination by the dissolution of other races...and by the establishment of a world republic in which everywhere the Jews will exercise the privilege of citizenship. In this New World Order the Children of Israel...will furnish all the leaders without encountering opposition...” (Karl Marx in a letter to Baruch Levy, quoted in Review de Paris, June 1, 1928, p. 574)

Good old Marx, hey... and it’s all coming to pass...

I’ll come back tomorrow when you’ve had more time to read all those complicated long words, ‘comrade’... but you may have been promoted to Chief of Thought Police by then...

Chris Northwood

>> Are you that stupid? You’re saying you can’t READ as fast as I can TYPE?

No... What I actually said was that I can’t read as fast as you copy and paste.

>> you may have been promoted to Chief of Thought Police by then...

One can only hope.

Typical Stalinist censorship...

Why did you remove the link, ‘comrade’?

Afraid that people might start questioning the ‘truth’? Afraid of people ‘thinking the wrong thoughts’?

Does that sound familiar to you, ‘comrade’ Northwood? Anything like ‘comrade’ Stalin’s reign of terror? Or Chairman Mao?

Chris Northwood

>> Why did you remove the link, ‘comrade’?

Allowing such a link would be unconstitutional (not that I expect you to understand our constitution).

>> Does that sound familiar to you, ‘comrade’ Northwood? Anything like ‘comrade’ Stalin’s reign of terror? Or Chairman Mao?

Ah yes. I don’t want people finding out about the gulags of Grimston House.
Dan Horsfall

An open and frank debate with diverse, sometimes challenging opinions is one thing, but why are the Nouse team bothering to allow this Radford chap the chance to spout quite so much tosh? Chances are he’s just taking the piss, but whether he means all this tripe or not, it is just poisonous and I am sure has been causing real upset. Why not just delete all his guff and be done with it? He’s already labelled you a fascist, policer of thought, and a censor, you will not convince him that you aren’t any of these things so why not just do it? Censor the daft prat.

Digusted!

here here!!!!!!!

Dan Horsfall

I did read your reasoning (for not censoring) further up by the way, but think this chap is now beyond the point of idiocy and the continued pressence of his diatribe on your good pages is only serving to upset folk.

Chris Northwood

Dan, thanks for your comments. Moderating here is quite difficult at times, and I must say I have been quite emotionally involved in this comment thread. To me, personally, starting to censor would be to “let him win”, as it were.

I’m going to take a step back and ask the other moderators to make a decision as to what needs to be done with this thread.

George

“I’m going to take a step back and ask the other moderators to make a decision as to what needs to be done with this thread.”

I would suggest you submit it to http://ifyoulikeitsomuchwhydontyougolivethere.com/

Dan Horsfall

I do see your point, but I imagine that one so deluded (as he obviously is) is already celebrating victory regardless of your actions. As a journalist with a passion for free speach and all it may indeed gall you, but I reckon the rest of us non-journos would see the removal of his nonsense as a victory for common sense rather than a defeat for democracy.

Plus, in my opinion, some of the stuff, especially the complete fabrications based on a priori assumptions (I myself am actually from a rather happy, multi-cultural part of Bradford) border on not only overt racism,
but inciting racial intolerance/hatred.

Still a hard job for you guys indeed, but one that I think you do well.
